

# Ultimatum By Allies

## Harding Arrives at Washington and Confers With Officials in Charge of Inaugural Ceremonies

### KEEP AMERICA WE INHERITED

We Demand Our Freedom  
and Our America Harding  
Tells Ohioans

Last Expression as Private  
Citizen Given to Sun Cor-  
respondent at Marion

Republic Cannot and Will  
Not Fail if Each of Us  
Does His Part

(Special to The Sun)

BY C. C. LYON

MARION, Ohio, March 3.—Warren G.  
Harding's last expression as a private  
citizen is given in this interview.

"This republic cannot and will not  
fail if each of us does his part. If we  
but work, are thrifty, and seek that  
understanding which reveals mutually  
of interest, no difference can long  
abide.

Our great assurance at home lies  
in an intelligent, resolute people, in a  
land untroubled by war, at enmity with  
no people, envying none, coveting  
nothing, seeking no territory, striving  
for no glories, which do not become a  
righteous nation.

If there is one thing in my heart  
more than another it is that at the  
end of the coming administration there  
remains the America we inherited from  
the fathers without the surrender of a  
single part.

I only wish for our America, a soul  
truly American.

I know that there is not a man or a  
woman who does not reflect in Amer-  
ican solidarity and who does not want  
it preserved.

We crave fraternity. We wish amia-  
ble relations everywhere. We offer  
peace and choose to promote it, but  
we demand our freedom and our own  
America. I believe an America, emi-  
nent on the seas, respected in every  
avenue of trade, will be safer at home,  
and greater in influence throughout the  
world.

I like to think of an America whose  
citizens are ever seeking the greater  
development and influence of the re-  
public, and I like to think of a gov-  
ernment which protects the citizens ev-  
erywhere they go on a lawful mission  
everywhere under the shining sun.

There is a new world relationship  
and when the next administration  
comes into power we're going to play  
our part. We're going to ask for na-  
tional association together in justice, but  
it must be an association which sur-  
renders nothing of American freedom.

Our governmental good fortune does  
not lie in any surrender at either end  
of the avenue at either the capitol or  
the White House, at either end of  
Pennsylvania avenue, but in the co-ordi-  
nation and co-operation which be-  
comes the two branches  
in a great and truly representative  
government.

I have been thinking all the time  
of getting an organization best fitted  
to serve this country. I am a partisan.  
I believe in party government. I have  
chosen a republican cabinet, but no ac-  
tion has been made because of party  
obligation without consideration for  
the best service of the country.

I would rather have the respect and  
confidence of my home town people,  
who have known me intimately all my  
life, than to have been elected pres-  
ident. And I have a feeling that so long  
as I can continue to hold their respect  
and confidence I will be credited at  
least with doing my best for all the  
American people.

When I am through down at Wash-  
ington I want to be able to come  
back home and again be a part of the  
home community.

### CHANGES IN CHARTER

Committee on Cities Sug-  
gests Biennial Elections  
and Minor Changes

It is understood that the sub-com-  
mittee of the charter commission con-  
ferred in executive session yesterday  
with the legislative committee on  
cities, and that a thorough examina-  
tion was made on the original draft as  
filed by the commission. Upon recom-  
mendation of the committee on cities,  
several minor changes have been in-  
corporated in the draft of the charter.  
It is understood, although unofficial at  
the present time, that one of the pro-  
posed changes will call for biennial  
elections of the mayor and members  
of the city council. The original draft  
called for an election of the mayor,  
aldermen-at-large and five members of  
the school committee, for two year  
terms, the first year of the election  
under the new charter, while the ward  
aldermen and four members of the  
school board would be elected for one  
year terms.

The following year they would be  
elected for two year terms. Under the  
new arrangement the mayor, city coun-  
cil and school committee would be  
elected at biennial elections.

The city council will elect by ma-  
jority vote, the city clerk, city treas-  
urer and city auditor. The city clerk  
will be elected for a three year term;  
the city treasurer and city auditor for  
two year terms. All other heads of de-  
partments, boards and commissions will  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

The superintendent of police and the  
chief of the fire department will also  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

The superintendent of police and the  
chief of the fire department will also  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

The superintendent of police and the  
chief of the fire department will also  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

The superintendent of police and the  
chief of the fire department will also  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

The superintendent of police and the  
chief of the fire department will also  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

The superintendent of police and the  
chief of the fire department will also  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

The superintendent of police and the  
chief of the fire department will also  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

The superintendent of police and the  
chief of the fire department will also  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

The superintendent of police and the  
chief of the fire department will also  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

The superintendent of police and the  
chief of the fire department will also  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

The superintendent of police and the  
chief of the fire department will also  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

The superintendent of police and the  
chief of the fire department will also  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

The superintendent of police and the  
chief of the fire department will also  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

The superintendent of police and the  
chief of the fire department will also  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council.

### TO TAKE OATH TOMORROW

Large Crowd at Union Sta-  
tion Greets President-elect  
and His Party

Enjoys Holiday on Train  
En Route to Capital—City  
in Gala Attire

WASHINGTON, March 3.—Presi-  
dent-elect Harding reached Wash-  
ington at 1 o'clock this afternoon  
and went into conference with in-  
augural officials on details of to-  
morrow's ceremonies.

Crowds of inaugural visitors and  
homefolks gathered at the Union  
station to greet President-elect  
Harding on his arrival from Mar-  
ion, Ohio, this afternoon.

A special detail of nearly 100  
police was on hand to keep open a  
lane leading from the trainshed to  
the presidential room at the station.

Vice President-elect Calvin Cool-  
idge and Mrs. Coolidge were to  
greet Mr. and Mrs. Harding and  
their party in the presidential room.

Has Vacation On Train  
ON BOARD PRESIDENT-ELECT  
HARDING'S SPECIAL TRAIN, March  
3.—As he approached Washington to-  
day, continued to Page Five

MOONSHINE CASE  
John Tamir Fined for Keep-  
ing and Selling

John Tamir, alias Tamir John, sold  
a pint of moonshine to a stranger for  
the reasonable sum of \$3. But said  
stranger happened to be working with  
the police squad, and when a \$100 fine  
was imposed on Tamir this morning  
in the police court, he had to figure  
a net loss of \$97 on the little transac-  
tion. The sale was made on his  
premises, located on Suffolk street, and  
there two gallons of the home-made  
were unveiled, reposing in gallon tin-  
cans. Two half-pints, and a miscel-  
lany of empties and corks were also  
unearthed, and the finds cost Tamir  
another \$100. The total fines assessed  
him today by Judge Enright were \$200.

One hundred for illegal sale, and an-  
other hundred for illegal keeping. The  
sale was made early last evening on  
Dummer street, and soon afterwards  
a search warrant was issued, and Tamir's  
residence was visited by the  
police. A plea of guilty  
was lodged by the defendant on each  
charge. Officers Clark, Winn, O'Sullivan  
and Kivlan are credited with the  
arrest.

TRIAL OF ALLEGED  
GUNMEN, MAY 7

The date announced yesterday as  
that of the trial of Alfred Fortier and  
the Therberge brothers, who are  
charged with the murder of David N.  
Tallen, Middlesex street storekeeper,  
has been changed in notices received  
yesterday that the original trial date  
had been postponed from March 21 to  
May 1. However, the notices place the  
date as May 2. Attorney Donahue,  
counsel for the Therberges, and At-  
torney Tierney, counsel for Fortier, are  
engaged in preparing the defence of  
their clients. When postponement  
was asked recently by Attorney Tier-  
ney, to afford an opportunity for work-  
ing on the case, District Attorney Nathan  
N. Tutts asked the court that the de-  
fence's reasons for delay be ordered  
made public. Judge Cox, however, de-  
clared that it was not necessary for  
the defence to make known its reasons  
in detail.

There are two times  
when you need an  
account with the  
Old Lowell.

1st: When you have surplus  
funds.

2nd: When you haven't.

When you have surplus funds,

Interest begins next Saturday,  
at The Central Savings Bank.

### WILSON AND COLBY TO FORM LAW FIRM

WASHINGTON, March 3.—  
President Wilson formally an-  
nounced today that he would  
"resume the practice of law" in a  
partnership with Bainbridge  
Colby, the retiring secretary of  
state. The firm will maintain  
offices in New York and Wash-  
ington.

The announcement was made  
at the White House in the fol-  
lowing statement:

"President Wilson made the  
announcement today that at the  
conclusion of his term of office,  
he would resume the practice of  
law, forming a partnership  
with the secretary of state, Bain-  
bridge Colby.

"The firm will have offices in  
New York and Washington."

### BOYS MAROONED

Lads Got Caught on Rock  
In River

Three small boys became marooned  
on the rocks of the so-called "Stony,"  
just below the Moody street bridge late  
yesterday afternoon. One of them was  
taken safely to shore by Redcliffe  
Montgomery and Spiridon Lappe, two  
companions, while the other two were  
rescued by members of Hose 10 of the  
local fire department after the efforts  
of three men to bring them to shore  
had failed.

It seems that shortly before 5 o'clock  
the little fellows, Roland Gervais, 7  
years; Maurice Bergeron, 11 years; and  
Albert Carpentier, all three residents  
of Moody street, went out to fish from  
the rocks. They wandered along on  
the rocks for some time while the  
water in the river was low, not real-  
izing that when the mills closed the  
water would rise. Suddenly the water  
rose splashing over the rocks and the  
lads they realized their danger. They  
shouted for help and Redcliffe Mont-  
gomery and Spiridon Lappe, two boys  
residing in Moody street in Pawtucket-  
ville, rushed to their assistance and  
they succeeded in bringing the Gervais  
boy safely to shore, but not before he  
had been drenched to the skin. Their efforts  
to help the other boys proved fruit-  
less.

Albert Goulet of Gershon avenue  
ventured on the rocks and after wad-  
ing in water, knee deep, succeeded in  
reaching the boys, but the water had  
risen considerably and he, too, was  
trapped. Herold Rubin, William L.  
Havens, students at the Lowell Textile  
school and John J. Molloy of Jewett  
street also lent a helping hand, but  
they were unable to do anything for  
the boys and Goulet. It was then that  
Charles E. Sawyer, a young man resid-  
ing in Gershon avenue sent in an en-  
gineer call to the members of Hose 10  
and they responded quickly. Several  
ladders were hooked together. The  
ladders, however, were not long  
enough to reach the boys. In the  
meantime, a young man whose name  
could not be learned jumped into an en-  
gineer on the Little Canada side of  
the river and managed to row between  
the rocks through the swift current  
and finally succeeded in reaching the  
"prisoners." The boys and Goulet were  
placed in the boat and were rowed to  
the end of the ladder. Then they made  
their way safely to the shore. It was  
after 8 o'clock when the boys were  
rescued.

## Germany Given Until Monday Noon to Accept Conditions Laid Down By Allied Premiers

### RUSH TROOPS TO COTO DISTRICT

Costa Rican Forces Being  
Dispatched to Scene of  
Recent Hostilities

Steamer Reported to Be Tak-  
ing on Troops and Ammu-  
nition at Punta Arenas

PANAMA, March 3.—Costa Rican  
forces are being rushed to the Coto  
district between this country and Cos-  
ta Rica, where Panamanian and Costa Ri-  
can troops have been engaged in hos-  
tilities. It is said in despatches to the  
government here, a steamer, it is de-  
clared, has been at Punta Arenas tak-  
ing on troops and munitions, and it is  
believed the Costa Ricans plan to land  
these forces on the eastern shore of  
Burica Point, which marks the Pacific  
end of the boundary between Panama  
and Costa Rica. Should this move be  
carried out, the Panamanian forces,  
which recently captured Costa Rican  
units occupying Coto, to the northeast,  
would be in danger of being cut off  
from their base of supplies. Chief sig-  
nificance of such a move on the part  
of Costa Rica, however, would appear  
to center around the fact that it would  
involve the United States, since the  
shores east of Burica Point was given  
to Panama under the arbitration ruling  
of Chief Justice White in 1914. It  
has been understood here that the  
United States department of state has  
been resting upon the interpretation of  
treaties obligating the United States  
to protect the territorial integrity of  
Panama.

Another possibility that the United  
States may become involved is found  
in reports that Costa Rica is reinforcing  
her garrisons at the Atlantic end  
of the frontier. The United Fruit com-  
pany, owns extensive banana plantations  
and has railroads extending southerly  
from Puerto Limon into Panama. It has  
been learned this corporation will be  
almost certain to request the protec-  
tion of United States troops if Costa  
Rica should decide to take over these  
lines for military purposes.

Panama owns large banana plantations  
Rica report anti-American demonstra-  
tions in San Jose, Puerto Limon, Car-  
tago and Heredia on February 21 and  
February 23, strict censorship has  
been established here, and little is  
known of the movements of Panamanian  
volunteer forces but it is learned a  
shipment of rifles is expected from  
Peru in a few days and that they will  
be used for arming newly recruited  
forces. The capture of another Costa  
Rican vessel with men on board  
was announced yesterday.

ABANDON HOPE OF PASS-  
ING NAVAL BILL

WASHINGTON, March 3.—Hope of  
passing the naval appropriation bill at  
this session was abandoned today by  
Senator Poinsett, Republican, Wash-  
ington, who has been in charge of it,  
and the senate proceeded to other  
business.

The army appropriation bill, one of  
the three big supply measures remain-  
ing to be passed, having broken  
through the senate jam last night  
when that body approved a compro-  
mise with the house fixing the army  
strength next year at 135,000, appeared  
certain of final passage. The sundry  
civil budget, however, still was held  
up by the senate and house deadlock  
over the \$10,000,000 appropriation for  
the Wilson dam at Muscle Shoals, Ala-  
bama.

That the soldier bonus bill would  
be included among the measures to die  
with this congress, was made prac-  
tically certain when Senator Thomas,  
Democratic, Colorado, stated that he  
would use obstructive tactics if the  
measure were pressed.

The house will interrupt its program  
tonight at 8 o'clock for an hour for  
eulogy of Champ Clark.

### WM. B. WILSON NAMED

Retiring Sec. of Labor Ap-  
pointed to Joint Commis-  
sion—Tammully Declined

WASHINGTON, March 3.—Joseph P.  
Tammully, secretary to President Wil-  
son, announced today that he had de-  
clined appointment as a member of the  
international joint commission. He  
said it would not be fair to the presi-  
dent for him to accept a post to which  
he would not be able to give full time  
and consideration.

William B. Wilson Named

WASHINGTON, March 3.—William  
B. Wilson, the retiring secretary of  
labor, was appointed today by Presi-  
dent Wilson as a member of the inter-  
national joint commission to succeed  
Osafiah Cardozo of Maine, whose res-  
ignation has been received by the  
president. It was announced at the  
White House that Mr. Wilson had ac-  
cepted the post.

\$75,000 TAPESTRY

Will Be Removed to New  
Home of Wilsons

WASHINGTON, March 3.—The \$75-  
000 tapestry presented to Mrs. Wood-  
row Wilson during the peace confer-  
ence will find a place in the new home  
of the Wilsons. Mrs. Wilson has re-  
moved it from the east room of the  
White House where it has been hang-  
ing since it was brought to the United  
States.

No Evidence of Attempt to Bribe Chief

BOSTON, March 3.—The federal grand jury reported today that  
it had no grounds whatever for believing that any attempt has been made  
to bribe or corruptly influence William J. McCarthy, supervising pro-  
hibition enforcement officer for this district or any of his agents in the  
discharge of their duties.

Soviet Troops Suppress Revolt

LONDON, March 3.—Latest reports received by the British govern-  
ment tend to show that the Russian soviet government troops have  
suppressed the revolt in Petrograd and Moscow, Cecil B. Harmsworth,  
under secretary for foreign affairs stated in the house of commons today.

Davis Named Secretary of Labor

BAITIMORE, Md., March 3.—On board President-elect Harding's  
special train to Washington—President-elect Harding today definitely  
announced the selection of James J. Davis of Pittsburgh to be secretary  
of labor, and of George B. Christian, Jr., to be secretary to the presi-  
dent.

City Must Help Support Railway

BOSTON, March 3.—The full bench of the supreme court today  
upheld the legislative act of 1918 providing for public operation for  
10 years of the Boston Elevated Railway Co. The court dismissed a  
bill brought by the city of Boston to recover \$2,005,931 which the city  
paid as its proportionate part of a deficit of \$1,600,000 in the opera-  
tion of the road for the year ending July 1, 1919. The city had  
attacked the constitutionality of the legislation under which the governor  
appointed five trustees to manage and operate the system for the benefit  
of the public.

## Symptoms of Sleeping Sickness— The Disease That Baffles Science

### TO AVOID SLEEPING SICKNESS

Here are six rules given by New York specialists for the avoidance of "sleeping sickness":

1. Eat simply and add to your diet those articles of food that will insure proper bowel action. Drink plenty of water daily.

2. Exercise sufficiently to produce honest sweat every day in the year. Add to this a daily general bath.

3. Cultivate a calm and placid mind. Never worry.

4. Keep all collar pressures from the neck; dress warmly; keep the feet dry.

5. Keep nose and throat clean.

6. If you are taken sick go to bed, keep warm and send for a good doctor.

N.E.A. Special to The Sun  
NEW YORK, March 2.—What is "Sleeping Sickness"—the mysterious malady that is claiming victims throughout the country?

Is it "the African scourge"? Can it be cured?

Experts and research workers unite in saying positively that "Sleeping Sickness" is not the African malady.

**Baby's food—**  
by right of merit. Proved through 63 years of rearing better babies.

**Borden's EAGLE BRAND Condensed Milk**

technically known as "Trypanosome," which follows the bite of an infected insect.

Forty-nine persons out of fifty die from the African disease while 40 out of 50 persons recover from the American ailment.

Prof. William H. Parke, official bacteriologist for New York city, says:

"Sleeping sickness has for its true name lethargic encephalitis, denoting lethargy, coma."

"It believes that following influenza, so many hitherto dormant germs are released into the human system that this new germ finds excellent pasture in the nose and throat."

"There is inflammation, slight fever, stiff neck, a desire to be alone, irritability, drowsiness, then a refreshing sleep of the form of coma."

"The cure? None has yet been found. The germ? Only one great doctor claims to have found it. Experts believe he is right. He is Dr. Leo Loewe at the pathological laboratory at Mt. Sinai hospital."

"Last fall he discovered a new germ. It was immediately presented to the Academy of Medicine, where experts from all over the world came, saw and studied it. This germ is called glabroid, is very tiny and round in shape. Monkeys and rabbits inoculated with it immediately developed every symptom of 'sleeping sickness,' passed into coma and died."

Experts at Johns Hopkins hospital, the Rockefeller Institute and other laboratories are now working to discover a means of killing the germ without killing the patient. So far they have found none.

Dr. Loewe will not discuss his find. He is only 25. But specialists say his discovery is more important to humanity than the principles of the world war.

"You can kill a germ if you can find it," says Dr. Loewe, and if this germ has been found by him the next and short step is the cure, which experts are now working on feverishly.

The germ of influenza itself has never been found.

Tokyo is said to have more book-shops than any other city.

England is the heaviest buyer of American butter and cheese.

## DR. AMASA HOWARD DEAD

Well Known Physician Passes Away at His Home in Chelmsford

Dr. Amasa Howard, a resident of Chelmsford Centre, died yesterday afternoon at his home after an illness of three weeks' duration, caused by a shock which affected his right side and later developed into paralysis of the brain. He was aged 63 years 10 months and 10 days. Deceased leaves his wife; three sons, A. Hawthorne of New York, Levi W. of Winchester and Alfred M. Howard of Boston; three grandsons; two sisters, Mrs. James H. Willoughby of Arlington and Mrs. Elwyn H. Fowler of Watertown; two brothers, Edwin of Eau Claire, Wis., and John Gale Howard of Berkeley, Cal.

Dr. Howard was well and favorably known in Lowell, having many patients here, including families whose doctor he had been for years. His ability as a physician was known, appreciated and recognized by the profession which he honored, and Lowell doctors called upon him frequently for consultation in serious cases. He had a most wonderful personality and men were attracted to him. As a conversationalist he was exceptionally entertaining, being well versed not only on the current topics of the day but reliable authority on matters historical, being able to furnish day and date for unusual events. He was of a literary turn of mind and was familiar with the best authors and their works. He was also an accomplished musician and loved to discuss the great artists and their achievements. He was connected with the Lowell Orchestra society in the older days and was rated a first class violin soloist.

Dr. Howard was a prominent member of the Middlesex North District Medical society and was a former president of that organization. And it was said of him as a preiding officer that he served as gracefully as he talked and practiced his chosen profession. To those who knew him this little compliment meant a great deal, for he was a gentleman of the old school, courteous and sympathetic. Dr. Howard was a well known figure in this section, his practice extending over a territory including Lowell, Chelmsford, Haverhill and Billerica, a territory in which his father, also a doctor, administered to the sick and afflicted.

### Fair and Colder for Inauguration

WASHINGTON, March 3.—Fair weather with temperatures close to freezing will prevail here tomorrow during inauguration, a special forecast by the weather bureau today made known. "The outlook is for fair and considerably colder weather with temperatures close to freezing and fresh west and northwest winds in Washington," the announcement said. The sky was overcast today and flags and bunting on government and other buildings drooped with the weight of moisture gathered during a night of slow, steady rain.

### Deny Holy War On Serbia

WASHINGTON, March 3.—Formal denial was made today by Dr. S. Y. Gronitch, minister of the Kingdom of the Serbs, Croats and Slovenes that the Montenegrins had declared a holy war on Serbia as was recently reported in despatches from London, or that fighting was going on in Montenegro against Serbian troops as has been reported from Avlona.

### Sanction of 16 Unions for Strike

CHICAGO, March 3.—Sanction from 16 railroad brotherhoods and unions for a strike of employees of the Atlantic, Birmingham & Atlantic Railroad was dispatched to local representatives of the unions after a midnight conference of heads of the organizations here, it was announced today.

### Glass Tank Explodes—Fire Follows

BARNESVILLE, Ohio, March 3.—A tank filled with molten glass burst early today, starting a fire which destroyed the Kearns-Gorsuch Glass plant here, with a loss estimated at \$700,000. A warehouse filled with finished ware also was destroyed. The plant employed 400 persons.

### QUITS AS CONTROLLER

Williams Scores Sen. McLean

and Critics in Congress—

Letter From Wilson

WASHINGTON, March 3.—John Skelton Williams retired last night as comptroller of the currency. In accepting his resignation "with deep and genuine reluctance," President Wilson wrote Mr. Williams that he had been done a "gross injustice" by the way in which the senate banking committee had handled the question of his reconfirmation.

"I can only believe, however," said the president, "that time will disclose the injustice to everybody and that the right verdict will be rendered by opinion, if not by one of the houses of congress."

"I have had the pleasure upon more than one occasion of expressing to you not only my approval, but the admiration with which I have followed the administration of your office. You have every way with you into private life the satisfaction of having performed the duties of controller of the currency in a way which has redounded not only to the credit of this administration, but to the material benefit of the financial interests of the country."

Controller Assails McLean

The president was writing in reply to a letter from Mr. Williams on Feb. 20, tendering his resignation, effective last night, and in which he took a parting shot at some of his critics in congress.

"The retiring controller charged that 'certain senators' who had the power to bring his nomination before the senate had 'dodged and evaded ignominiously.'"

Mr. Williams wrote that since "the expressed opposition" to his confirmation and prolonged hearings before two senate banking committees virtually had put him, "by implication," under charges, he had felt that he was "entitled to a verdict."

"I have urged and pleaded in vain," he said, "for discussion in the open senate or executive session of any objection to my confirmation. My information is that Senator McLean of Connecticut, chairman of the banking and currency committee, refused to report my case because he promised a certain partisan politician, not a member of the senate, that he would not report it."

"Unfortunately, I was compelled to put in the record of the hearings an incident seriously involving the veracity of the man whose favor Senator McLean sought to obtain at the cost of justice and fair dealing. I am informed, however, that the person to whom the promise was made recently consented to release Senator McLean from the obligations referred to, but the senator refused to submit the matter for confirmation to a senate containing a majority of his own party."

"I have probably learned that a considerable number of fair-minded republican senators had been disappointed by the rank injustice of his course and his petty politics, and would have voted to confirm my nomination. I am compelled to conclude that this senate lacks both the moral and mental caliber to uphold the honor and dignity of its office, and that the consideration due to those, as well as the most sacred rights, must, therefore, be subordinated to his sordid and small political and personal purposes."

Mr. Williams said the wide publication of a statement that the bank committee reported against his nomination was "false."

The president, in replying, said he

### FOCH FORGOT TEA WITH KING

LONDON, March 3.—How Marshal Foch forgot an engagement to tea with the king at Buckingham palace became known last night. The king was anxious to see Marshal Foch, and M. Briand, the French premier, arranged an engagement for the marshal for yesterday.

The king waited half an hour after the appointed time and then sent an equerry to inquire. The marshal was obliged to excuse himself because of complete forgetfulness in his preoccupation over conference matters.

### DAVIS CUP CHALLENGE

NEW YORK, March 3.—A Davis cup challenge from Denmark was received by the United States Lawn Tennis association today. This is the eighth entry.

# From Breaker Boy to Prince of Church Is Cardinal Dougherty's Rise

ARCHBISHOP DENNIS J. DOUGHERTY OF PHILADELPHIA, WHO'S TO BE THE NEWEST UNITED STATES CARDINAL, AND HIS CHURCH, STS. PETER AND PAULS, IN PHILADELPHIA

(Special to The Sun)  
PHILADELPHIA, Mar. 2.—America's new cardinal-designate, Archbishop Dennis J. Dougherty of Philadelphia, now on his way to Rome to receive the red hat, will be one of the youngest of the 72 members of the college.

He is the fifth priest in the American church to be awarded this honor by Rome, the others being Cardinals Gibbons of Baltimore, Cardinal O'Connell of Boston and the late Cardinals McCloskey and Farley.

An incident that typifies the kind of man the cardinal designate is, occurred in 1903 when he was assigned to the Philippines. When the late Archbishop Ryan of Philadelphia notified him of his selection as bishop of Jaro, he replied:

"Your Grace, I cannot find that place on any map, but wherever I am sent I will go."

The archbishop was born Aug. 16,

CAN YOU BEAT IT GIRL?

If you are a girl and can leap higher or than four feet eight inches, you can take the world's high jump record for women away from Mlle. Elise Constant of France, Miss 16 and a member of the Cien Gymnastic society of France.

new edifice. Here he became well acquainted with William Howard Taft, then governor general of the islands.

He returned to America in 1915 and was made bishop of Buffalo. In 1918 he was appointed archbishop and assigned to Philadelphia to succeed Archbishop Brendenst.

Archbishop Dougherty is a linguist of extraordinary versatility. He speaks fluently English, Latin, Greek, Hebrew, French, German, Spanish, Italian and several Slavic tongues. When he left Philadelphia for the Philippines, he knew no Spanish. During the trip he studied diligently and when the boat docked at Manila he could speak the language with amazing fluency.

He has a remarkable memory. He can write a sermon or speech and from the mere putting down of his thoughts on paper can commit the entire discourse to memory and deliver it verbatim. He rarely forgets a face or a name of a person he meets.

In addition to his pastoral and administrative duties, Archbishop Dougherty is a member of the board of managers of the Catholic church, the Church Extension society, the negro and Indian missions, chairman of a building committee of the National Catholic Welfare council that will erect in Washington a national shrine in honor of Americans who died in the war, and recently served on a committee appointed by the mayor of Philadelphia to study the city's transit problem.

As cardinal Archbishop Dougherty will wear the red hat, the red robes and different shades being worn for different occasions—the red biretta and the scarlet mantle.

His full title will be "His Eminence, Dennis, Cardinal Dougherty, Archbishop of Philadelphia." The correct form in addressing him will be "Your Eminence."

## ALL HIS AILMENTS DISAPPEARED

When He Tried "Fruit-a-lives" or Fruit Liver Tablets

MOUNT BELKNAP HOTEL, LAKEPORT, N. H.

"At 70 years of age, chronic Constipation was causing me to suffer with distressing Headaches, Dizziness and Indigestion.

I believe I have taken more medicine than any half-dozen people in town; but nothing did me good until I tried 'Fruit-a-lives'.

Right away I could see their good effects. After taking them for three months, my bowels were regular, and the other ailments disappeared."

50c. a box, 6 for \$2.50, trial size 25c.  
At dealers or from FRUIT-A-LIVES Limited, OGDENSBURG, N. Y.

## BURLESON LETTER RAISES STORM

WASHINGTON, March 3.—Describing the recent increase in mob robberies to general unrest and intensified criminal tendencies, Postmaster General Burleson in a letter read last night in the house declared enactment of laws unsupported by public opinion provoked breaches of the peace and contempt for the courts.

The letter was addressed to and read by Representative Black, Democrat, Texas, and denounced as an important factor in the development of crime "the disposition on the part of certain judicial officers, notably in New York, Washington and Chicago, to impose nominal punishments when criminals are apprehended."

Reading the letter raised a storm of objections, members interrupting Representative Black with objections to its entrance into the house record. Representative Goodykoontz, republican, West Virginia, objected most strenuously.

"I want to expunge that letter from the Record," he declared. "We have no time to listen to such rot as that." The letter went into the Record, however.

## OPERA STARS TAKE CUT IN SALARY

NEW YORK, March 3.—A substantial salary reduction has been accepted by virtually every artist who thus far has signed a new contract with the Chicago Opera company for the 1921-1922 season, George M. Spangler, business manager, announced here last night. The new contracts, it was stated, call for as much as a 50 per cent cut in the fees collected during the current year by singers in the stellar group, while others were persuaded to accept 20 to 25 per cent. Exceptions had been made, it was announced in the salaries of Mary Garden, artist-director; Mme. Galli-Curci and Lucien Muratore.

NEW YORK, March 3.—A country-wide outburst of air-lawing has beclouded the aviators.

There are 15 separate sets of laws enacted by various states, counties, cities and villages to regulate aviation traffic. And more districts plan to follow suit.

Add the regulations of New York, Chicago, Boston, Newark, Los Angeles, Los Angeles county, Atlantic City, Connecticut, Massachusetts, Vermont and

## New Wireless Invention

LIVERPOOL, March 3.—Discovery of a new wireless invention by which ships may be guided during dense fogs has been announced here by William Marconi at the annual British Shipmaster's dinner. This invention he said was not as yet in operation anywhere and it is based on a principle by which electric waves may be directed in any definite direction like flashes from a lighthouse. He said these waves would take the place of leading lights in thick weather and prevent collisions of vessels during fogs.

## Change Of Wind Helps Steamer

ST. JOHN'S N. F., March 3.—A change of wind having forced the floe ice off the coast during the night, the steamer Rosalind with passengers and mail for Halifax and New York was able to sail early today. She had been driven back by the ice pack last night.

## Decrease In Cost Of Recruiting

BOSTON, March 3.—The low cost of recruiting now as compared with 1913 has brought a ray of consolation to citizens who sigh for prices of pre-war days. Eight years ago Uncle Sam paid \$127 to induct one recruit from this city. In 1920 the war department records show the expense was \$6.50. Army efficiency, the desire of young men to take the educational courses offered in the service and enlistment of world war veterans, are given as reasons for reductions in expenditure.

**CORNS**  
Get Off with Fingers

Doesn't hurt a bit. Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.—Adv.

**Aspirin**  
You must say "Bayer"

Unless you see the name "Bayer" on package or on tablets, you are not getting genuine Aspirin prescribed by physicians for 21 years. Insist upon an unbroken package of genuine "Bayer Tablets of Aspirin" containing proper directions and dose proved safe by millions.

Handy tin boxes of 12 tablets cost but a few cents—Larger packages, Aspirin is the trade mark of Bayer Manufacture of Monocellulose of Barmen, Germany.

153-157 CENTRAL STREET

### Skeffington Arrives at Danzig

DANZIG, March 3.—H. J. Skeffington, commissioner of immigration at Boston, has arrived here from Liban and Riga, where he delivered seven deported Russian anarchists. Inspection of immigrants here has convinced United States health authorities that it is impossible, with the present facilities, to despatch the thousands awaiting transportation to America without danger of typhus infection. "The situation in Danzig," said Mr. Skeffington today, "is entirely unsatisfactory. We can overestimate the danger of slipshod methods in dealing with the class of emigrants awaiting transportation here."

### Former French War Minister Dead

PARIS, March 3.—General Auguste Mercier, former French minister of war, died here today. As war minister, he instituted the proceedings which brought Captain Dreyfus before the council of war in 1894, and condemned him to life long penal servitude and public degradation. Later Captain Dreyfus was exonerated on his retrial.

### Surplus of Freight Cars

WASHINGTON, March 3.—The surplus of freight cars on the railroads of the United States reached 423,193 during the week of February, the car service division of the American Railway Association announced today.

### IN THE POLICE COURT

John Keras is Frequent  
Visitor, But Law-Abiding  
—Other Cases

John Keras appeared in the police court this morning for the third time within a few weeks. The young man, who gave his age as 20 years, was picked up some time ago and told a story of being invited to leave his home by his father. He expressed a reluctance to go away as a guest of the state, and was released to find work. Again he appeared, and this time his father was in court and stated that he had never refused to have the young man at his home. He had left of his own volition, said the father, and declined to return. Keras agreed to return to his father's farm and stay with him, helping in the work. However, this morning he admitted that he did not go home with his father when he was released, but has been living by himself in Lowell. As no offense had been charged against Keras, and he appeared to be orderly and law-abiding, Judge Enright allowed him to go today.

The case of Fred Dufour, charged by Bertha Therian with a serious offense, was continued for the second time today in the police court, at the request of counsel. Dufour first appeared before the court on February 24, and was held in \$1000 bonds for a hearing today. Bail was not furnished at that time, and he was committed to the house of correction at Cambridge where he has been confined until today. His mother, however, went his bond this morning, offering as surety a house valued at \$2000. It was stated that she was unable to come to court on the occasion of her son's former appearance, because of sickness. Dufour was arrested by Lieutenant Ferris and Officers Regan and Spillane. He pleaded not guilty to the charge preferred against him. Efforts were made when his case first came up to have the bond

reduced, but Judge Enright refused to lower it.

John Freitas was fined \$15 for assault and battery. He gave as his excuse for the alleged offense, that the complainant, Louis Nunes Xavier, had addressed talk of an uncompromising and un-reformed nature to him. The judge said to have originated in an argument over a scarf-pin, during the voyage to this country of the complainant and defendant.

The case of the Lowell Box company, charged with violation of labor laws, was continued for a second time today in the police court. A hearing will be held April 4, and in the meantime it has been agreed that the difficulty, which originated in trouble with some of the employees, is to be adjusted.

### SPOKE IN LAWRENCE

William N. Goodell, former President of Lowell Chamber of Commerce Tells of Work of American City Bureau

The success of the American city bureau in this city in reorganizing the department of trade and the progress, advance and accomplishments of the Lowell chamber of commerce during its first year were related in Lawrence, this afternoon by William N. Goodell, former president of the local chamber, before members of the Lawrence chamber and those interested in its reorganization.

The American city bureau is now working in Lawrence. Mr. Louis Dufour, representative of the bureau, who was one of the hard workers in the Lowell reorganization campaign, is one of the principal driving forces behind the reorganization movement in the downriver city. Mr. Goodell gave his talk in co-operation with the city bureau.

### Y.M.C.A. PLANS OPEN HOUSE

All next week the Y.M.C.A. will hold open house every evening at its clubrooms in Stockton street. Arrangements have been made for bowling matches, pool, card games, athletic and entertainment each evening. A talk in the Y.M.C.A. club rooms at the Immaculate Conception church all during the week and after the evening services the men will be invited to enjoy themselves at the Y.M.C.A. club rooms. The committee in charge of the entertainment is directed by Vice President Higgins. At this time also elaborate preparations are under way for the March 12 special Irish entertainment to be offered by the institute.

### DADDY OF 11 ADOPTS ANOTHER

John Lind and his wife of Brooklyn have 11 children of their own. They have adopted Eleanor Lane, 5 (shown here with Lind), to make it an even dozen. Lind makes \$22 a week as watchman. Six elder children work and the family income is \$116 a week.

### ANOTHER SAFETY FIRST CAMPAIGN

Plans are going forward, under the direction of Chief of Police Redmond Welch, for one of the biggest "Safety First" campaigns that Lowell, or any other American city, has ever known. The drive to eliminate carelessness will begin April 4, and will continue to April 15. Although this city has a high standing in the matter of protecting the public from needless accidents, efforts will be made by public speaking in the local theatres, and other publicity methods, to make Lowell one hundred per cent. perfect. Frank A. Goodwin, state registrar of motor vehicles, in a recent statement paid high tribute to Lowell as "one of the cleanest cities in Massachusetts in the matter of freedom from automobile accidents." In a state investigation of casualties and other accidents to motor vehicles, carried on in the seven largest cities in the state, Lowell was found to lead the list as an exponent of the "Safety First" slogan.

During a period of two months the city was without a single fatality from causes of this nature.

"But we are not satisfied with that," declared Superintendent Welch today. "We aspire to nothing less than absolute perfection, and absolute safety for the public. In this campaign everything that it is humanly possible to do will be accomplished for the protection of life in Lowell." Superintendent Welch has made thorough preparations for a drive which will command public attention, and force a realization of the vital importance of "eliminating carelessness, one of America's most destructive enemies."

### TO TRANSFER LEPERS TO FEDERAL LEPROSARIUM

BOSTON, March 3.—Lepers on the state reservation, Penikese Island, Buzzard's Bay, will be transferred to the federal leprosarium in Louisiana in the near future. If present plans are completed, the health authorities have obtained the necessary local permits for the removal of the patients to New Bedford, where they will be given into the custody of public health service officials and the actual transfer awaits only the arrival of federal authorization. It is understood that the lepers will be transported in a special car attended by a special detail of the hospital corps of the public health service.

The Penikese island camp directed by Dr. Frank H. Parker, an authority on treatment of leprosy who has devoted many years to ministering to the unfortunate isolated there, will be abandoned.

### INTERNATIONAL INSTITUTE

A new class in English, to be held at the homes of newcomers to the country, is the latest novel activity of the International Institute. As many foreign-born women are unable to leave their children to attend lessons held at the Institute headquarters, it has been arranged for teachers to visit the homes of these women, and to teach neighbors who wish to come in and learn the language in the home circle. Another class has been started among Polish women. This will teach dressmaking and English at the same time, and will be under the auspices of the school department. The members of the class, however, have been recruited by the Institute.

### To Take Oath Tomorrow

Continued

day to enter upon the duties of the presidency, Warren G. Harding took a final holiday aboard his private car "Superb," putting work and worry aside and visiting with members of his family as though he were an ordinary traveler making a casual trip across the country.

In the busy months since he was nominated, he has seen little of any but his nearest relatives, and he selected

upon this occasion to renew ties that in former days had held the members of his family close together. On the "Superb" besides the president-elect and Mrs. Harding, were his father, a brother and a sister, and he gave them his time in preference to his secretaries and advisers who sought to turn his attention to the problems of state just ahead of him.

With his inaugural address completed and nine of his 10 cabinet members finally selected, the president-elect really has only the definite choice of a secretary of labor pending for decision before he takes the oath of office at noon tomorrow.

His quandary on that subject apparently did not weigh heavily on his mind today, however, for he is understood to have decided not to close up the portfolio until he has held further conferences in Washington.

The presidential special which left Marion last night was due in Washington at 1:30 p. m. today, but it fell behind the schedule and was not expected to reach the capital until late in the afternoon. The party will go directly to a hotel to wait for the coming of the inaugural record tomorrow and in the meantime Mr. Harding will hold a number of conferences about arrangements and other subjects demanding immediate decision.

The first caller on the president-elect's list after his arrival is to be Senator Knox of Pennsylvania, who is chairman of the congressional committee on the inauguration. It is expected that final details of the ceremony will be settled at the conference later. Later Mr. Harding expects to see a number of his closest advisers, including Harry Daugherty, who will be attorney-general in his cabinet.

In making up his party for the "Superb" on the trip to the capital, the president-elect for the first time excluded all of those who are not members of the family, even his secretary, George B. Christian, and his physician, Dr. Sawyer, who traveled in another car with a number of personal friends besides Mr. and Mrs. Harding were: Dr. George T. Harding of Marion, father of the president-elect; Miss Abigail Harding of Marion, the president-elect's sister; Dr. George T. Harding, Jr., of Columbus, the president-elect's brother, and several members of his family and Mrs. Frank Longshore of Marion, a niece of Mrs. Harding.

Pre-Inauguration Air  
WASHINGTON, March 3.—Despite the expressed desire of President-elect Harding for single inaugural ceremonies, Washington today had assumed much of a pre-inauguration day air. The streets were a little more crowded than usual, hotel rooms were somewhat scarcer, and flags and bunting in profusion made their appearance along Pennsylvania avenue and in the downtown section.

Emblazing touches were given to the stand on the East portico of the Capitol where Mr. Harding will take the oath of office and deliver his inaugural address. Washington police made final preparations for handling the crowds expected to line Pennsylvania avenue to see President Wilson and President-elect Harding ride to the Capitol. Troops of cavalry at Fort Myer who will form the single escort for the presidential party and several companies of marines from Quantico, who will be on guard along the avenue, held final drills in preparation for the part they are to play in the event.

To Washington residents and "old

timers" today's contrast with former day-before-inauguration days was particularly noticeable. The recalled that in former years "the day before" had seen the historic thoroughfare leading from the Capitol to the White House thronged with visitors, hotel lobbies provided and sleeping accommodations at a premium. Missing were the long rows of temporary stands at convenient points along the avenue from which thousands the next day would view the parade and cheer the outgoing and incoming presidents.

Noticeable also was the absence of the rattle of drums and the flare of hands as scores of marching clubs, political clubs or military organizations went through the city to advertise themselves and their community and to await the big day.

A light rain that began last night still was falling early today but for inauguration day the weather bureau had predicted clear and cooler.

### COOLIDGE BOYS OFF FOR INAUGURATION

NORTHAMPTON, March 3.—The two sons of Vice President-elect Coolidge left today to join their parents in Washington. They were accompanied by their grandfather, John Coolidge of Plymouth, Vt., who arrived here yesterday.

Mayor M. J. Fitzgerald departed for Washington last night to be the city council's official representative at the inauguration.

### BABY BORN ON PEACE DAY

After Mother Had Been Restored to Health by Lydia E. Pinkham's Vegetable Compound

Salisbury, Mass.—"For seven years I had a female trouble and such bearing-down pains I could hardly do my housework. The doctor said, 'If you can have another baby it might be the best thing for you but I am afraid you cannot.' I began taking Lydia E. Pinkham's Vegetable Compound and my baby was born on 'Peace Day.' If women would only take your Vegetable Compound they would have better health. I always recommend your Vegetable Compound to the neighbors." Mrs. Tracy Patten, 2 Lincoln Ave., Salisbury, Massachusetts.

The experience of maternity should not be approached without careful physical preparation, as it is impossible for a weak sickly wife to bring healthy children into the world.

Therefore if a woman is suffering from a displacement, backache, inflammation, ulceration, bearing-down pains, headaches, nervousness or "the blues," she should profit by Mrs. Patten's experience, take Lydia E. Pinkham's Vegetable Compound and be restored to health.

# "The Man Who Never Fails"— That's Mellon, New Treasury Head

ANDREW W. MELLON, PITTSBURGH BANKER, WHO'LL BE THE NEW SECRETARY OF THE TREASURY, AND HIS HOME IN PITTSBURGH

**WHO IS HE?**  
Birth—At Pittsburgh, Pa., March 24, 1852.  
Education—University of Pittsburgh.  
Marriage—in 1890 to Miss Nora McMullen, two children.  
Occupation—Banker.  
Home—Pittsburgh, Pa.

(Special to The Sun)  
PITTSBURGH, March 2.—President-elect Harding has picked Andrew W.

Mellon of Pittsburgh for his secretary of the treasury.

Ask anyone in Pittsburgh who Mellon is and you get this reply:

"Don't you know Mellon? Why, he's head of the Mellon National bank."

Ask the same man what Mellon looks like—what kind of a man he really is—and the chances are he'll have to admit ignorance.

And this despite the fact that Andrew Mellon was born and grew up in Pittsburgh and that in recent years he has been associated with countless phases of industrial activity in and around it.

Mellon always has studiously avoided publicity and shunned the spotlight. His retiring nature is shown in statements of old friends that in his daily life he does not have one single really intimate associate.

Pittsburghers say that Mellon knows by name or sight but few of the army of men and women employed in the Mellon National bank, of which he is president, although he mingles continually with them.

Always Calm

He is a man of mild speech. He is deliberate in all his thoughts and actions and never has been known to lose his habitual calm.

He is at his desk every working day of the year and handles a surprising amount of routine details of his many financial interests without displaying the slightest fatigue. His spare moments are spent with his two children, Alice and Paul, to whom he is especially devoted.

Mellon has been president of the Mellon National bank since 1902. He has made it one of the leading banking institutions of the country.

He also is interested in many other banks in cities in the neighborhood of Pittsburgh, and is associated with Henry C. Frick in the development of vast coal, coke and iron enterprises in western Pennsylvania.

He established great steel mills at Duquesne, Pa., and built the town which bears that name.

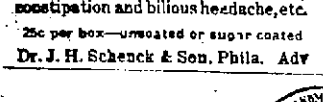

He is one of the trustees of the Carnegie Foundation.

## Lives to See the Prescription He Wrote in 1892 the Worlds Most Popular Laxative Remedy

**DR. W. B. CALDWELL TODAY**  
Born Shelbyville, Mo., March 27, 1859  
Began the manufacture of his famous prescription in 1892

Founder of Dr. Caldwell's Syrup Pepsin, the largest selling liquid laxative in the world, long past Biblical old age, but hale and hearty—Still sees patients daily—Wonderful achievement of a "country doctor."

WHEN I started to practice medicine, back in 1875, there were no pills or tablets or salt waters for the relief of constipation, and no artificial remedies made from coal tar.

The prescription for constipation that I used early in my practice, and which I put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid remedy, and I have never had reason to change it. I intended it for women, children and elderly people, and these need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

I am gratified to say that under successful management my prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that over eight million bottles were sold by druggists last year proves that it has won the confidence of mothers whose chief interest is the health of their children.

It is particularly pleasing to me to know that the biggest half of those eight million bottles were bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for grownups. The price of a bottle holding 50 average treatments is sixty cents; such a bottle will last a family several months.

I have never made a secret of what is in Dr. Caldwell's Syrup Pepsin. It is a compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tasting aromatics. These ingredients are endorsed in the U. S.

Pharmacopoeia. I consider Syrup Pepsin today in the serious 82nd year of my age, as I did in 1892, the best remedy a family can have in the house for the safe relief of constipation and its accompanying ills, such as headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and I believe if you will once start using it you will also always have a bottle handy for emergencies.

**TRY IT FREE**

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin.

Address me Dr. W. B. Caldwell, 513 Washington Street, Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

Address me Dr. W. B. Caldwell, 513 Washington Street, Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

## ANNUAL PARISH SUPPER

Unique Plan Devised for "Getting Acquainted" Proved Striking Success

A "birthday table" parish supper was the novelty enjoyed by members of the Elliot Union congregation last evening at the church. Twelve tables had been arranged, appropriately decorated to represent the months of the year, and each guest was ushered to that table which symbolized the month of his or her birth. The plan was devised for "getting acquainted" purposes and was a striking as well as original success.

A giant snowball made the keynote of the January table, while February was depicted by the lace and colors of valentines. March displayed the shamrock, April was a riot of daffodils, May had a Maypole and spring blossoms, June a wedding cake and favors, July the firecrackers which crystallized the idea of the glorious Fourth, August birds and butterflies, September gaily tinted autumn leaves, October the mystic paraphernalia of Halloween, November turkeys and high-piled fruits, and December, Santa Claus and his reindeer.

Miss Mary King supervised this unusual scheme of adornment, while the Women's association of the church served the supper. Mrs. L. A. Oney heading the committee and Mrs. Frank Needy being in charge of the dining room. Two real birthday parties featured the occasion, Mrs. E. W. Pease, and Mr. Howard Foster having been born March 2. They were presented birthday cakes. Dr. Tutill and Mr. Foster made brief addresses, and an interesting pantomime followed, under the direction of Mrs. Clarence Hoyt. "Wanted—A Wife" was the title of the piece. Miss Margaret Dow read the story which was enacted with-out words by the characters. Flowers, cake and candy were sold by the young people of the congregation.

**MASSACHUSETTS MILLS CLUB**  
At a recent meeting of the Massachusetts Mills Athletic club, preliminary steps were taken for the formation of a men's club, the membership of which will be composed of all male employees of the mill.

The regular meeting of the auxiliary of the women's board of missions of the Chelmsford Centre Congregational church was held yesterday afternoon at the home of Mrs. Julia Godfrey. The program, which was in charge of Miss Gertrude Reddy, was as follows: Duett, "Do Your Part," Mrs. Lester F. Alden and Mrs. George Goodchild; an interesting paper by Mrs. Josiah Marshall on the work being done by Miss Davis in Japan. The remainder of the afternoon was taken up by several different members who spoke on the translation of the bible into the tongues of the different races.

**CHELMSFORD UNITARIAN CHURCH**  
The ladies' circle and Alliance of the Unitarian church of Chelmsford Centre met yesterday afternoon in the church vestry. The devotional exercises were led by the president, Mrs. George W. Warren. The entertainment numbers consisted of violin selections by Paul Davis, accompanied by Mrs. Arthur M. Warren, readings by Mrs. H. Dunford. At the close of the meeting refreshments were served.

**SUPPER AND ENTERTAINMENT**  
Over 250 people attended the monthly supper and entertainment at the Pawtucket Congregational church last evening. The affair was very successful and proved to be one of the most enjoyable of its kind in a long time. A feature of the evening was the presentation of a three-act comedy entitled

## Are You Weak, Worn or Worried? Is Your Blood Thin and Watery

so that it makes you nervous, sleepless or easily fatigued? Don't wait until you collapse but commence to fortify your starving blood with iron today. How to do it.

If you are undergoing STRAIN, STRESS OR TROUBLE, don't forget that it is probably sapping the iron from your blood and that your RED BLOOD CORPUSCLES are likely DYING BY THE MILLIONS.

WHEN YOU FEEL THE FIRST WARNING SYMPTOMS—when you commence to lose your strength or vitality, don't sleep well at night, are highly nervous or irritable; get the "blues" easily; when your eyes begin to lose their lustre or brilliancy and the lids are pale inside (a most important symptom) then is the time you should act; and not wait until you go down in a state of complete nervous prostration or physical collapse.

A New York physician says that MORE THAN ONE-HALF THE POPULATION OF AMERICA PERISHES BEFORE MIDDLE AGE and that one of the chief contributory causes of this terrible waste of human life is the devastating weakness brought on by lack of iron in the blood.

THERE ARE 20,000,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD AND EACH ONE MUST HAVE IRON.

When your blood is starving for iron no mere tonic or stimulants can put you right. You must have iron. To get iron you must eat the husks of grains and the peels and skins of fruit and vegetables as our forefathers did or take a little organic iron from time to time and eat more such iron-containing foods as spinach and apples. But the best iron you take is organic iron and not metallic or mineral iron which people usually take. Metallic iron is iron just as it comes from the action of strong acids on small pieces of iron and is therefore an entirely different thing from organic iron. Organic iron is like the iron in your blood and like the iron in spinach, lentils and apples. It may be had from your druggist under the name of Nuxated Iron.

Nuxated Iron represents organic iron in such a highly condensed form that one dose of it is estimated to be approximately equivalent to eating half a quart of spinach, one quart of green vegetables or half a dozen apples. It is like taking extract of beef instead of eating pounds of meat.

If you are not strong or well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Over 1,000,000 people annually are using NUXATED IRON. It will not injure the teeth nor disturb the stomach. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results.

Beware of substitutes. Always look for the word NUXATED on every package and the letters N. I. on every tablet. Sold by all druggists.

nearest drug store. Take no substitute. The quick relief has been a great blessing to a host of people who fairly shudder at the very mention of the discomfort and misery due to this almost universal complaint. Don't delay. Take no substitute.

If you wish to make a trial first, send your name and address to Pyramid Drug Co., 604 Pyramid Bldg., Marshall, Mich.

### Sentence for Embezzlement

HARTFORD, Conn., March 2.—Raymond J. Porter, 25, of this city, who pleaded guilty to embezzlement of \$155,000 from the Hartford-Connecticut Trust Co., was sentenced to the state prison for from three to six years today. He was a clerk in the bank. Raymond R. Healey of New Britain, former vice president of the United States bank here was sentenced to jail for one year and fined \$1000. He pleaded guilty to embezzlement of \$8000 from the bank.

### BETTY AND HER BEAU

BY PARKS

### Must Have Warrant to Take Liquor

WORCESTER, March 2.—Judge Utley in district court today ruled that police officers without search warrants have no right to seize liquor from the person. He discharged two defendants who had been charged with having liquor in their possession, although each admitted having a bottle of whiskey to the officer on demand.

### Indicted for Counterfeiting

BOSTON, March 2.—The federal grand jury today indicted for counterfeiting Jonas Hecht and Alphonse de Santos, in connection with discoveries at a raid in the North End recently when large quantities of bogus liquor labels and revenue tax stamps were found.

### To Sign Peace Treaty With Turks

LONDON, March 2.—(By Associated Press)—Peace will be signed probably tomorrow but at any rate before the week-end between France and the Turkish nationalists, it was learned here today. The signing will take place in Paris.

### Wrestlers Battle More Than Five Hours

BANGOR, Me., March 2.—After struggling from 8.55 Tuesday night until 2.25 this morning, Tom Davis of this city, former champion wrestler at Camp Devens and Ernest Abbott, also of Bangor, well known Maine wrestler, were forced to give up their grueling contest for wrestling supremacy through sheer exhaustion. Their five and a half hours on the mat had so weakened the men that the spectators demanded that the match be called off. The referee announced the bout a draw. Davis was the aggressor until the very last when Abbott, roused from his watchful waiting, gave by taunts from Davis, took the offensive and secured in succession the full Nelson and scissor holds that nearly brought him victory, but the more powerful Davis broke them after several minutes of desperate work. The match was held under private auspices for a side bet of \$200 and both men were backed heavily. A crowd of 600 was present when the bout began and nearly all remained until the end.

### ATTEMPT TO BOMB CHURCH FAILS

TRIEST, March 2.—An attempt by unknown persons to bomb a church in the center of the city failed today. No damage was caused. There was firing in the city during the night and this morning, the general strike called as a result of the recent clash between socialists and nationalists continues. No newspapers were published today.

### TRAINS CRASH IN FOG—TWO KILLED

HARRISBURG, Pa., March 2.—The Pennsylvania Railroad express leaving Pittsburg at 12.10 a. m., and due in New York at 11.20 a. m., ran into a freight train at Bailey's station early today, killing the engineer and fireman. Three passengers were slightly injured. The wreck was due to fog.

### ULTIMATUM TO JAPAN

Demand That Date Be Fixed for Evacuation of Siberian Territory

"Poisonous Atmosphere of Robbery, Murder and Unspeakable Crimes"

Peking, Feb. 25.—Demands that Japan fix a definite date for the evacuation of Siberian territory have been sent to the foreign office in Tokyo by the minister of foreign affairs of the far eastern republic. It is said in a dispatch received here. The note cites a long list of alleged injuries and impositions suffered by the people in eastern Siberia at the hands of Japanese military forces, and closes with a demand that there be no Japanese interference with the people or government of that region. It is charged that the Japanese army is "making life unbearable" for the people residing in territory where the troops are located and that Russian cities and villages in the zone of Japanese occupation are in a "poisonous atmosphere of robbery, murder, and unspeakable crimes." It is declared that trains have been held up at Grodekova, near the eastern Manchurian frontier, by criminal persons; that passengers have been robbed, beaten and abducted; and that the Far Eastern government at Chita has been unable to oppose the Japanese military command. Protection and patronage have been given General Semenov, anti-Bolshevik leader in eastern Siberia. It is charged, in a manner which suggests a challenge to the Chita government. The present activities of General Semenov "promise a new adventure in the spring" with Japanese help it is asserted. The Japanese foreign office is asked whether it will give a mission from China in view of the presence in Siberia of a Japanese diplomatic mission.

### NAMES COMMITTEE TO PROBE R. R. CONDITIONS

BOSTON, March 2.—Governor Cox today named five men as members of a committee to act with similar committees from the other New England states in investigating the financial condition of the railroads of this section in connection with their proposal to advance freight and passenger rates 10 per cent. The committee comprises George H. Nutter, president of the Boston Chamber of Commerce; Charles R. Andrews of Newton, president of the Associated Industries of Massachusetts; Leslie R. Smith of Haverly, master of the state grange; J. Frank O'Hare, secretary of the Boston Printing Pressmen's union, and Charles H. Jones of Wellesley, president of the Commonwealth Shoe Co.

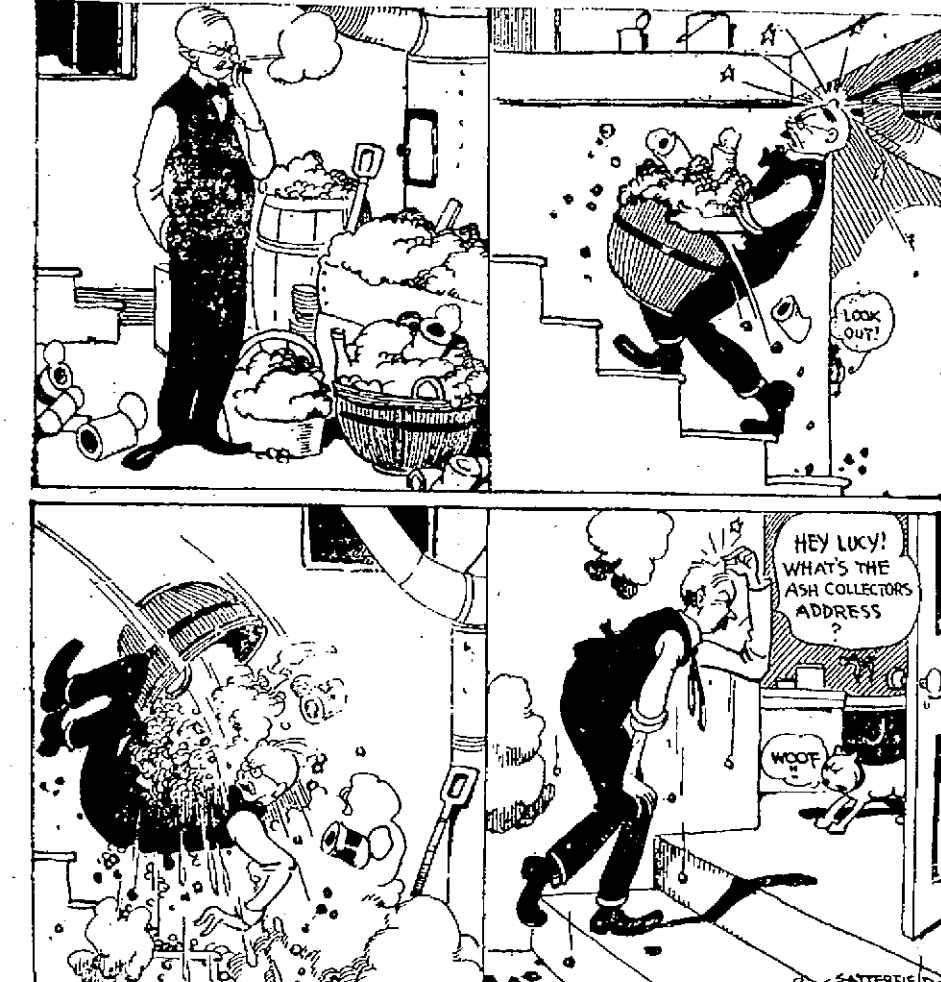

### TWO BIG RAILROADS TO REDUCE WAGES

NEW YORK, March 2.—Two large trunk line railroads served notice today that they intend to reduce wages paid their unskilled and common labor, and officials of the Association of Railway Executives declared they had no doubt other carriers soon would take similar steps throughout the country. The New York Central and the Delaware, Lackawanna & Western, both called representatives of their common labor for conferences on the subject. Should they fail to agree, the matter will be referred to the railroad labor board. Adjustment to lower levels of the pay of common labor employed by carriers was put up to the individual companies in a letter sent out by the Association of Railway Executives on Feb. 22.

### Don't Stay Run Down

If you have been indiscreet in eating, living habits or your system taxed by overwork, and you have become all run down, don't stay that way. It is dangerous, as you are in a condition to take on many other more serious diseases. Build yourself up again by simply taking from 10 to 20 drops of SEVEN BARKS in a little water after each meal, and watch how quickly you will regain your normal health again. People beyond the age of middle life cannot stand what they used to, and have to be more discreet in all of their modes of living. The majority of such people need to take occasionally a good stomach and liver regulator, for it is an indisputable fact that by keeping the liver active and the digestive organs cleansed and in proper working order, old age can be deferred and life prolonged far beyond that enjoyed by the average person. To attain this stage is no better remedy than SEVEN BARKS, which has for many, many years faithfully and successfully served the public. If your system gets run down, take warning, or you will be sorry when it's too late. Take plenty of exercise, fresh air, keep good hours, eat moderately of the right food, and tone up your stomach, liver and kidneys by taking SEVEN BARKS. For sale by drug stores, 50 cents per bottle.—Adv.

# Harding Arrives at Washington and Confers With Officials in Charge of Inaugural Ceremonies

## KEEP AMERICA WE INHERITED

We Demand Our Freedom  
and Our America Harding  
Tells Ohioans

Last Expression as Private  
Citizen Given to Sun Cor-  
respondent at Marion

Republic Cannot and Will  
Not Fail if Each of Us  
Does His Part

(Special to The Sun.)

BY C. C. LYON

MARION, Ohio, March 3.—Warren G.  
Harding's last expression as a private  
citizen is given in this interview.

"This republic cannot and will not  
fail if each of us does his part. If we  
but work, are thrifty, and seek that  
understanding which reveals mutually  
of interest, no difference can long  
arise.

Our great assurance at home lies  
in an intelligent, resolute people, in a  
land unravaged by war, in unity with  
no people, envying none, coveting  
nothing, seeking no territory, striving  
for no glories, which do not become a  
righteous nation.

If there is one thing in my heart  
more than another it is that at the  
end of the coming administration there  
remains the America we inherited from  
the fathers without the surrender of a  
single part.

I only wish for our America, a soul  
truly American.

I know that there is not a man or a  
woman who does not rejoice in Amer-  
ican solidarity and who does not want  
it preserved.

We crave fraternity. We wish am-  
icable relations everywhere. We offer  
peace and choose to promote it, but  
we demand our freedom and our own  
America. I believe an America, em-  
inent on the seas, respected in every  
avenue of trade, will be safer at home,  
and greater in influence throughout the  
world.

I like to think of an America whose  
citizens are ever seeking the greater  
development and influence of the re-  
public, and I like to think of a gov-  
ernment which protects its citizens ev-  
erywhere they go on a lawful mission  
everywhere under the shining sun.

There is a new world relationship  
and when the next administration  
comes into power we're going to play  
our part. We're going to ask for na-  
tions associated together in justice, but  
it must be an association which sur-  
renders nothing of American freedom.

Our governmental good fortune does  
not lie in any surrender at either end  
of the avenue at either the capitol or  
the White House, at either end of  
Pennsylvania avenue in Washington,  
but in the co-ordination and co-opera-  
tion which becomes the two branches  
in a great and truly representative  
government.

I have been thinking all the time  
of getting an organization best fitted  
to serve this country. I am a partisan.  
I believe in party government. I have  
chosen a republican cabinet, but no se-  
lection has been made because of party  
obligation without consideration for the  
best service of the country.

I would rather have the respect and  
confidence of my home town people,  
who have known me intimately all my  
life, than to have been elected presi-  
dent. And I have a feeling that so long  
as I can continue to hold their respect  
and confidence I will be credited at  
least with doing my best for all the  
American people.

When I am through down at Wash-  
ington I want to be able to come  
back home and again be a part of the  
home community.

## CHANGES IN CHARTER Committee on Cities' Sug- gests Biennial Elections and Minor Changes

It is understood that the sub-com-  
mittee of the charter commission con-  
ferred in executive session yesterday  
with the legislative committee on  
cities, and that a thorough examina-  
tion was made on the original draft as  
filed by the commission. Upon recom-  
mendation of the committee on cities,  
several minor changes have been in-  
corporated in the draft of the charter.  
It is understood, although unofficial at  
the present time, that one of the pro-  
posed changes will call for biennial  
elections of the mayor and members  
of the city council. The original draft  
called for an election of the mayor,  
aldermen-at-large and five members of  
the school committee, for two year  
terms, the first year of the election  
under the new charter, while the ward  
aldermen and four members of the  
school board would be elected for one  
year terms.

The following year they would be  
elected for two year terms. Under the  
new arrangement the mayor, city council  
and school committee would be  
elected at biennial elections.

The city council will elect by ma-  
jority vote, the city clerk, city treasurer  
and city auditor. The city clerk will  
be elected for a three year term; the  
city treasurer and city auditor for  
two year terms. All other heads of de-  
partments, boards and commissions will  
be nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council. The  
superintendent of police and the chief  
of the fire department will also be  
nominated by the mayor, subject to  
confirmation by the city council for  
terms of three years. It is expected  
that the committee on cities will re-  
port favorably the Lowell charter bills  
within the next few days.

## MOONSHINE CASE

John Tamir Fined for Keep-  
ing and Selling

John Tamir, alias "Tamir John," sold  
a plant of moonshine to a stranger for  
the reasonable sum of \$3. But said  
stranger happened to be working with  
the police squad, and when a \$100 fine  
was imposed on Tamir this morning in  
the police court, he had to figure a  
net loss of \$97 on the little transac-  
tion. The sale also led to a raid on his  
premises, located on Suffolk street, and  
there two gallons of the home-made  
were unveiled, repacking in gallon tin  
cans. Two half-pints, and a miscel-  
lany of empties and corks were also  
unearthed, and the finds cost Tamir  
another \$100. The total fines assessed  
him today by Judge Enright were \$200,  
one hundred for illegal sale, and an-  
other hundred for illegal keeping. The  
sale was made early last evening on  
Dummer street, and soon afterwards  
a search warrant was issued, and Tamir's residence was visited by the  
police. A plea of guilty was  
lodged by the defendant on each  
charge. Officers Clark, Winn, O'Sulli-  
van and Kilvan are credited with the  
arrest.

## ROLLINS TO GO TO ELECTRIC CHAIR

BOSTON, March 3.—George L. Roll-  
ins who was found guilty two years  
ago of murder in the first degree for  
killing Ordayn H. Hall, manager of a  
chain store in Roxbury will have to go  
to the electric chair.  
Judge Keating in the superior court  
today overruled the latest of several  
motions for a new trial.

The date of electrocution will be set  
later.

## TO TAKE OATH TOMORROW

Large Crowd at Union Sta-  
tion Greets President-elect  
and His Party

Enjoys Holiday on Train  
En Route to Capital—City  
in Gala Attire

WASHINGTON, March 3.—Presi-  
dent-elect Harding reached Wash-  
ington at 1 o'clock this afternoon  
and went into conference with in-  
augural officials on details of to-  
morrow's ceremonies.

Crowds of inaugural visitors and  
homefolks gathered at the Union  
station to greet President-elect  
Harding on his arrival from Mar-  
ion, Ohio, this afternoon.

A special detail of nearly 100  
police was on hand to keep open a  
lane leading from the trainshed to the  
presidential room at the station.

Vice President-elect Calvin Cool-  
idge and Mrs. Coolidge were to  
greet Mr. and Mrs. Harding and  
their party in the presidential room.

HARDING'S SPECIAL TRAIN, March  
3.—As he approached Washington to-  
day, President-elect Harding was  
Continued to Page Five

## ABANDON HOPE OF PASS- ING NAVAL BILL

WASHINGTON, March 3.—Hope of  
passing the naval appropriation bill at  
this session was abandoned today by  
Senator Pinckney, republican, Wash-  
ington, who has been in charge of it,  
and the senate proceeded to other  
business.

A new naval bill will have to be  
drafted at the special session of con-  
gress, which President Harding is ex-  
pected to call for April 4.

Senator Pinckney told the senate a  
number of circumstances had brought  
about the failure of the bill.  
"The chief one," he said, "is the late  
date it was received from the house.  
Feb. 21. As it came from the house it  
contained no appropriation for aircraft  
while Great Britain has provided mil-  
lions of pounds sterling for that ser-  
vice. The house bill provided nothing  
for airplane carriers for service with  
the fleet. It only provided one-half  
speed for carrying out the building  
Continued to Page Ten

## WAR INVESTIGATORS STRIKE OUT CHARGES

WASHINGTON, March 3.—The Gra-  
ham war investigating committee  
wound up its work today by finally  
striking from the report of the John-  
son sub-committee all charges that  
there had been useless sacrifices of the  
lives of the American soldiers at the  
front on Armistice day. The modified  
report then was filed in the house.

## BURLESON SUED FOR \$500,000

WASHINGTON, March 3.—A \$500,000  
damage suit was filed in the district  
supreme court here today by owners  
of the New York Call against Postmas-  
ter General Burleson. The complain-  
ant alleges Mr. Burleson's action in  
closing the mails to the publication  
Dec. 3, 1919, caused losses in advertis-  
ing and circulation before mail pri-  
vileges were restored by court order  
last August.

## REPEAL DAYLIGHT SAVING IN N. Y.

ALBANY, N. Y., March 3.—The sen-  
ate today passed the daylight saving  
repeal bill by a vote of 27 to 22. It  
now goes to the governor.

NEW YORK, March 3.—Under an or-  
dinance adopted last year by the New  
York board of aldermen, New York city  
will have daylight saving despite the  
repeal of the state daylight bill.

## BIG MIDDLEBORO PLANT DESTROYED

MIDDLEBORO, March 3.—The entire  
machine working plant of the Colonial  
Brass Co. here was almost totally de-  
stroyed by fire early today. The blaze  
was not discovered until it was too  
late to save the building. The loss  
will run into thousands of dollars.

## WILSON WILL PRACTICE LAW

Retiring President to Form  
Partnership With Busi-  
ness Colby

Announcement Recalls to  
Public One of His Least  
Known Attainments

WASHINGTON, March 3.—Presi-  
dent Wilson formally announced  
today that he would "resume the  
practice of law" in a partnership  
with Bainbridge Colby, the retiring  
secretary of state. The firm will  
maintain offices in New York and  
Washington.

The announcement was made at  
the White House in the following  
statement:  
"President Wilson made the an-  
nouncement today that at the con-  
clusion of his term of office, he  
would resume the practice of law,  
forming a partnership with the se-  
cretary of state, Bainbridge Colby."  
Continued to Page 10

## BRIDGE ORDER IS TROUBLESOME

Mayor Perry D. Thompson was not  
in a repentant mood today. Yesterday  
he recorded his vote in favor of the  
advertising that a bill had been re-  
ceived and accepted for the "recon-  
struction" of the Federal bridge. The  
money for the bridge was to have come  
from a loan, secured from Boston  
bankers, secured under the terms of  
an order, for the "reconstruction" of the  
bridge.

The First National bank of Boston  
certified that the method of issuing  
the loan was correct, and that the city  
possessed sufficient financial resources  
to meet its obligations.

The municipal council voted several  
weeks ago to borrow a total of \$100,000  
in loans for the "construction of  
bridges." This loan was negotiated  
through the usual channels. The money  
is in the city treasury.

The laws of the commonwealth pro-  
vide that money shall not be borrowed  
for "reconstruction" work. "Recon-  
struction" is supposed to be paid for  
out of the tax levy.

The council at its meeting yesterday  
voted to appropriate a large sum of  
money, out of the proceeds of a loan for  
"reconstruction." The loan under  
the laws can lawfully be expended,  
leading attorneys claim, for construc-  
tion only. It does not require a legal-  
ly trained mind to discover the differ-  
ence between "construction" and "re-  
construction."

The municipal councillors are not  
talking freely about the subject. No  
one apparently knows the status of the  
city in the matter. It would seem that  
an expert unbiassed of the untangleable  
might secure a position with the mu-  
nicipal council and some of its advisers.  
Everybody—almost everybody—  
around city hall today was asking:  
"Where are we at anyway?"

## NEW FIRE HOUSE

Architects Submit Plans to  
Commissioner Marchand

The office of Public Buildings Com-  
missioner George F. Marchand has  
something of the appearance of an ex-  
hibition of a school of architecture on  
the day on which prizes are awarded.  
A large table is filled with designs  
for the new fire station that is to be  
erected at the corner of Pine and Ste-  
vens streets in the Highlands. Com-  
missioner Marchand and Commissioner  
Salmon are to make the final selection  
of the design for the station.

The designs are mostly in black and  
white, but a few of the architects have  
taken the trouble to color their de-  
signs to show how they will look in  
the natural colors of their surround-  
ings.

All of the architects who have sub-  
mitted designs are Lowell men.  
One design, submitted by Verley F.  
Gilbert, shows a handsome bungalow  
with double doors in front, constructed  
of Kellastone and with brick chimneys  
at either side of double doors. On the  
first floor are a living room, kitchen,  
pantry, office, room, dormitory for  
six men, and shower bath. The second  
floor is to be given up to storage  
purposes.

The design submitted by Thaddeus  
W. Parke provides that the dormitory  
shall be upstairs, with officers' room,  
kitchen and living room on the first  
floor. The material from which the  
building is to be constructed is not  
specified. There is to be a slate or  
tile roof.

Millard F. Davis and Harrison E.  
Byam have submitted two plans. They  
provide for a single door in each plan  
—one on Stevens street and the other  
on the corner of Stevens and Pine sts.  
The buildings are to be of brick and  
plaster, with red tile roofs. There is a  
Dutch door. Windows are on both  
sides of the buildings. There is a  
dormitory for six men on the first floor.  
In the second plan there is a work  
room and coal pocket in the basement.

A design by George Badi has many  
of the features of an up-to-date gar-  
age. There are two double doors in  
front. The living quarters are on one  
side of the house and what might be  
called the "machinery quarters" on the  
other side.

As soon as a plan has been selected  
and the services of an architect ar-  
ranged for, Commissioner Marchand  
will commence the construction on the  
new building for which residents of  
the Highlands have been waiting many  
months.

WILSON SIGNS BILL  
WASHINGTON, March 3.—President  
Wilson today signed the \$12,000,000  
Indian appropriation bill.

# Germany Given Until Monday Noon to Accept Conditions Laid Down By Allied Premiers

## RUSH TROOPS TO COTO DISTRICT

Costa Rican Forces Being  
Dispatched to Scene of  
Recent Hostilities

Steamer Reported to Be Tak-  
ing on Troops and Ammu-  
nition at Punta Arenas

PANAMA, March 3.—Costa Rican  
forces are being rushed to the Coto  
district between this country and Costa  
Rica, where Panamanian and Costa Ri-  
can troops have been engaged in hos-  
tilities, it is said in despatches to the  
government here. A steamer, it is de-  
clared, has been at Punta Arenas tak-  
ing on troops and munitions, and it is  
believed the Costa Ricans plan to land  
these forces on the eastern shore of  
Borica Point, which marks the Pacific  
end of the boundary between Panama  
and Costa Rica. Should this maneuver  
be carried out, the Panamanian forces  
which recently captured Costa Rican  
units occupying Coto, to the northeast  
would be in danger of being cut off  
from their base of supplies. Chief sig-  
nificance of such a move on the part  
of Costa Rica, however, would appear  
to center around the fact that it would  
involve the United States, since the  
shore east of Borica Point was given  
to Panama under the arbitration rul-  
ing of Chief Justice White in 1914. It  
has been understood here that the  
United States department of state has  
been resting upon the interpretation of  
treaties obligating the United States  
to protect the territorial integrity of  
Panama.

Another possibility that the United  
States may become involved is found  
in reports that Costa Rica is reinforcing  
her garrisons at the Atlantic end  
of the frontier. The United Fruit com-  
pany owns extensive banana plantations  
and has railroads extending southward  
from Puerto Limon into Panama. It has  
been learned this corporation will be  
almost certain to request the protection  
of United States troops if Costa  
Rica should decide to take over these  
lines for military purposes.

Many owns large banana plantations  
Borica report anti-American demonstra-  
tions in San Jose, Puerto Limon, Car-  
tago and Heredia on February 27 and  
February 28. A strict censorship has  
been established here, and little is  
known of the movements of Panamanian  
volunteer forces but it is learned a  
shipment of rifles is expected from  
Peru in a few days and that they will  
be used for arming newly recruited  
forces. The capture of another Costa  
Rican vessel with 100 men on board  
was announced yesterday.

There are two times  
when you need an  
account with the  
Old Lowell.

1st: When you have surplus  
funds.

2nd: When you haven't.

When you have surplus funds,  
you need a safe place to deposit.

When you haven't surplus  
funds, you sometimes need a  
place to borrow.

Savings Department Interest  
begins April 1st.

Safe Deposit Boxes \$5 per  
year.

This Bank is almost 100 years  
old, is a member of the Federal  
Reserve System.

## WM. B. WILSON NAMED FINAL WARNING TO GERMANS

Retiring Sec. of Labor Ap-  
pointed to Joint Commis-  
sion—Tumulty Declined

WASHINGTON, March 3.—Joseph P.  
Tumulty, secretary to President Wil-  
son, announced today that he had de-  
clined appointment as a member of the  
international joint commission. He  
said it would not be fair to the presi-  
dent for him to accept a post to which  
he would not be able to give full time  
and consideration.

William B. Wilson Named  
WASHINGTON, March 3.—William  
B. Wilson, the retiring secretary of  
labor, was appointed today by Presi-  
dent Wilson as a member of the inter-  
national joint commission to succeed  
Obadiah Gardner of Maine, whose re-  
ignation has been received by the  
president. It was announced at the  
White House that Mr. Wilson had ac-  
cepted the post.

## TO CUT WAGES ON ALL N. E. RAILROADS

BOSTON, March 3.—A reduction in  
wages of the unskilled employees of all  
the principal railroads in New England  
was forecast today.

The N. Y. N. H. & H. the Boston  
& Albany, and the Boston & Maine  
railroads each called conferences of  
employees, at which the extent of the  
cut is to be discussed. April 1 is the  
date tentatively set for the reduction  
which on these roads will affect ap-  
proximately 7000 men.

The coral roads of Bermuda  
among the finest in the world.

## Water Supply Exhausted, Ohio City Faces Destruction

BARNESVILLE, Ohio, March 3.—With the water supply exhausted,  
Barnesville was facing destruction today. Fire spreading from the  
Keins-Gorsuch Glass factory, which was destroyed this morning and  
reached the city hall and the Baltimore & Ohio depot this afternoon and  
was threatening the whole town. The fire was at first thought to have  
been under control, but rising winds this afternoon, with lack of water,  
caused the flames to spread. A call was sent to Wheeling for aid.

## No Evidence of Attempt to Bribe Chief

BOSTON, March 3.—The federal grand jury reported today that  
it had no grounds whatever for believing that any attempt has been made  
to bribe or corruptly influence William J. McCarthy, supervising pro-  
hibition enforcement officer for this district or any of his agents in the  
discharge of their duties.

The report said the grand jury had  
taken cognizance of certain newspaper  
interviews in which McCarthy was  
represented as telling of rejection of  
bribes amounting to more than a mil-  
lion dollars offered on condition that  
he would permit violation of the Vol-  
stead act, that the United States  
marshals' office was unable to find Mc-  
Carthy and that thereafter the jury  
heard the testimony of Frank Lanagan,  
assistant to McCarthy.

"Mr. Lanagan," says the report, "fur-  
nished no evidence of any attempt to  
bribe McCarthy and states that he had  
never heard from McCarthy about any  
such attempts having been made upon  
him, that he had been Mr. McCarthy's  
assistant for the past seven months,  
and prior to that was office man on  
Mr. McCarthy's staff."

## City Must Help Support Railway

BOSTON, March 3.—The full bench of the supreme court today  
upheld the legislative act of 1918 providing for public operation for  
10 years of the Boston Elevated Railway Co. The court dismissed a  
bill brought by the city of Boston to recover \$2,005,931 which the city  
paid as its proportionate part of a deficit of \$4,000,000 in the opera-  
tion of the road for the year ending July 1, 1919. The city had  
attacked the constitutionality of the legislation under which the governor  
appointed five trustees to manage and operate the system for the benefit  
of the public.

## Symptoms of Sleeping Sickness— The Disease That Baffles Science

### TO AVOID SLEEPING SICKNESS

Here are six rules given by New York specialists for the avoidance of "sleeping sickness":

1. Eat simply and add to your diet those articles of food that will insure proper bowel action. Drink plenty of water daily.
2. Exercise sufficiently to produce honest sweat every day in the year. Add to this a daily general bath.
3. Cultivate a calm and placid mind. Never worry.
4. Keep all collar pressure from the neck; dress warmly; keep the feet dry.
5. Keep nose and throat clean.
6. If you are taken sick go to bed, keep warm and send for a good doctor.

### N.E.A. Special to The Sun

NEW YORK, March 3.—What is "Sleeping Sickness"—the mysterious malady that is claiming victims throughout the country?

Is it "the African scourge?" Can it be cured?

Experts and research workers unite in saying positively that "Sleeping Sickness" is not the African malady.

**Baby's food—**  
by right of merit. Proved through 63 years of rearing better babies.

**Borden's EAGLE BRAND Condensed Milk**

technically known as "Trypanosoma," which follows the life of an infected insect fly.

Forty-nine persons out of fifty die from the African disease while 46 out of 50 persons recover from the American ailment.

Prof. William H. Parke, official bacteriologist for New York city, says: "Sleeping sickness has for its true name Leishmaniasis. Encephalitis, denoting lethargy, coma."

"I believe that following influenza so many hitherto dormant germs are released into the human system that this new germ finds excellent pasture in the nose and throat."

"There is inflammation, slight fever, stiff neck, a desire to be alone, irritability, drowsiness, then refreshing sleep of the form of coma."

"The germ? None has yet been found. 'The germ? Only one great doctor claims to have found it. Experts believe he is right. He is Dr. Leo Loewe at the Pathological Laboratory at Mt. Sinai hospital."

"Last fall he discovered a new germ. It was immediately presented to the Academy of Medicine, where experts from all over the world came, saw and studied it. This germ is called *Leishmania*, in very tiny and round in shape. Monkeys and rabbits inoculated with it immediately developed every symptom of 'sleeping sickness,' passed into coma and died."

Experts at Johns Hopkins hospital, the Rockefeller Institute and other laboratories are now working to discover a means of killing the germ without killing the patient. So far they have found none.

Dr. Loewe will not discuss his find. He is only 25. But specialists say his discovery is more important to humanity than the principles of the world war.

"You can kill a germ if you can find it," says Dr. Loewe, and if this germ has been found by him the next and short step is the cure, which experts are now working on feverishly.

The germ of influenza itself has never been found.

Tokyo is said to have more book-shops than any other city.

England is the heaviest buyer of American butter and cheese.

## DR. AMASA HOWARD DEAD

Well Known Physician Passes Away at His Home in Chelmsford

Dr. Amasa Howard, a resident of Chelmsford Centre, died yesterday afternoon at his home after an illness of three weeks' duration, caused by a shock which affected his right side and later developed into paralysis of the brain. He was aged 63 years 10 months and 10 days. Deceased leaves his wife; three sons, A. Hawthorne of New York, Levi W. of Winchester and Alfred M. Howard of Boston; three grandsons; two sisters, Mrs. James H. Willoughby of Arlington and Mrs. Elwyn H. Fowler of Watertown; two brothers, Edwin of Eau Claire, Wis., and John Gale Howard of Berkeley, Cal.

Dr. Howard was well and favorably known in Lowell, having many patients here, including families whose doctor he had been for years. His ability as a physician was known, appreciated and recognized by the profession which he honored, and Lowell doctors called upon him frequently for consultation in serious cases. He had a most wonderful personality and men were attracted to him. As a conversationalist he was exceptionally entertaining, being well versed not only on the current topics of the day but reliable authority on matters historical, being able to furnish date and date for unusual events. He was of a literary turn of mind and was familiar with the best authors and their works. He was also an accomplished musician and loved to discuss the great artists and their achievements. He was connected with the Lowell Orchestra society in the older days and was raised a first class violin soloist.

Dr. Howard was a prominent member of the Middlesex North District Medical society and was a former president of that organization. And it was said of him as a presiding officer that he served as gracefully as he talked and practiced his chosen profession. To those who knew him this little compliment meant a great deal, for he was a gentleman of the old school, courteous and sympathetic. Dr. Howard was a well known figure in this section, his practice extending over a territory including Lowell, Chelmsford, Braintree and Billerica, a territory in which his father, also a doctor, administered to the sick and afflicted.

## Fair and Colder for Inauguration

WASHINGTON, March 3.—Fair weather with temperatures close to freezing will prevail here tomorrow during inauguration, a special forecast by the weather bureau today made known. "The outlook is for fair and considerably colder weather with temperatures close to freezing and fresh west and northwest winds in Washington," the announcement said. The sky was overcast today and days and hunting on government and other buildings drooped with the weight of moisture gathered during a night of slow, steady rain.

## Deny Holy War On Serbia

WASHINGTON, March 3.—Formal denial was made today by Dr. S. Y. Gronitch, minister of the Kingdom of the Serbs, Croats and Slovenes that the Montenegrins had declared a holy war on Serbia as was recently reported in despatches from London, or that fighting was going on in Montenegro against Serbian troops as has been reported from Avlona.

## Sanction of 16 Unions for Strike

CHICAGO, March 3.—Sanction from 16 railroad brotherhoods and unions for a strike of employees of the Atlantic, Birmingham & Atlantic Railroad was dispatched to local representatives of the unions after a midnight conference of heads of the organizations here, it was announced today.

## Glass Tank Explodes—Fire Follows

BARNESVILLE, Ohio, March 3.—A tank filled with molten glass burst early today, starting a fire which destroyed the Kerns-Gorsuch Glass plant here, with a loss estimated at \$700,000. A warehouse filled with finished ware was also destroyed. The plant employed 400 persons.

## QUITS AS CONTROLLER

Williams Scores Sen. McLean and Critics in Congress—Letter From Wilson

WASHINGTON, March 3.—John Skelton Williams retired last night as comptroller of the currency. In accepting his resignation "with deep and genuine reluctance," President Wilson wrote Mr. Williams that he had been done a "gross injustice" by the way in which the senate banking committee had handled the question of his re-nomination.

"I can only believe, however," said the president, "that time will disclose the injustice to everybody and that the right verdict will be rendered by opinion, if not by one of the houses of congress."

"I have had the pleasure upon more than one occasion of expressing to you not only the approval, but the admiration with which I have followed the administration of your office. You can carry away with you into private life the satisfaction of having performed the duties of controller of the currency in a way which has redounded not only to the credit of this administration, but to the material benefit of the financial interests of the country."

Controller Assails McLean

The president was writing in reply to a letter from Mr. Williams on Feb. 29, tendering his resignation, effective last night, and in which he took a parting shot at some of his critics in congress.

The retiring controller charged that "certain senators" who had the power to bring his nomination before the senate had "dodged and evaded ignominiously."

Mr. Williams wrote that since "the expressed opposition" to his confirmation and prolonged hearings before two senate banking committees virtually had put him "by implication" under charges, he had felt that he was "entitled to a verdict."

"I have urged and pleaded in vain," he said, "for discussion in the open senate or executive session of any objection to my confirmation. My information is that Senator McLean of Connecticut, chairman of the banking and currency committee, refused to report my case because he promised a certain partisan politician not a member of the senate, that he would not report it."

"Unfortunately, I was compelled to put in the record of the hearings an incident seriously involving the veracity of the man whose favor Senator McLean sought to obtain at the cost of justice and fair dealing. I am informed, however, that the person to whom the promise was made recently consented to release Senator McLean from the obligations referred to, but the senator refused to submit the matter of my confirmation to a senate containing a majority of his own party."

"He had probably learned that a considerable number of fair-minded republican senators had been disappointed by the rank injustice of his course and his petty politics, and would have voted to confirm my nomination. I am compelled to conclude that this senator lacks both the moral and mental caliber to uphold the duties and dignity of his office, and that the consideration due to those, as well as the most sacred rights, must, therefore, be subordinated to his sordid and small political and personal purposes."

Mr. Williams said the wide publication of a statement that the bank committee reported against his nomination was "false."

The president, in replying, said he

had read the letter "with the greatest sympathy."

## FOCH FORGOT TEA WITH KING

LONDON, March 3.—How Marshal Foch forgot an engagement to tea with the king at Buckingham palace became known last night. The king was anxious to see Marshal Foch, and Mr. Brand, the French premier, arranged an engagement for the marshal for yesterday.

The king waited half an hour after the appointed time and then sent an enquiry to inquire. The marshal was obliged to excuse himself because of complete forgetfulness in his preoccupation over conference matters.

# From Breaker Boy to Prince of Church Is Cardinal Dougherty's Rise

ARCHBISHOP DENNIS J. DOUGHERTY OF PHILADELPHIA, WHO'S TO BE THE NEWEST UNITED STATES CARDINAL, AND HIS CHURCH, STS. PETER AND PAUL'S, IN PHILADELPHIA

(Special to The Sun)  
PHILADELPHIA, Mar. 2.—America's new cardinal-designate, Archbishop Dennis J. Dougherty of Philadelphia, now on his way to Rome to receive the red hat, will be one of the youngest of the 12 members of the college.

He is the fifth priest in the American church to be awarded this honor by Rome, the others being Cardinals Gibbons of Baltimore, Cardinal O'Connell of Boston and the late Cardinals McCloskey and Farley.

An incident that typifies the kind of man the cardinal designate is, occurred in 1903 when he was assigned to the Philippines. When the late Archbishop Ryan of Philadelphia notified him of his selection as bishop of Jaro, he replied:

"Your Grace, I cannot find that place on any map, but wherever I am sent I will go."

Breaker Boy  
The archbishop was born Aug. 15,

1865, in the anthracite regions of Pennsylvania. His parents were Irish immigrants. He spent his summer vacations as a breaker boy in a mine.

At 15 he was ready to enter a seminary, but because of his youth was sent for two years to a Jesuit school in Canada. When he returned he entered the St. Charles de Borromeo seminary in Overbrook, a Philadelphia suburb.

Later he finished his studies for the priesthood at the American college in Rome, carrying off the class honors in 1890.

On his way back to America, he stopped at the Irish town where his parents had lived and there read mass.

Friend of Taft

In America he served on the faculty of the seminary in which he had studied. In 1903 he was assigned to the Philippines and spent 10 years there, rebuilding many seminaries throughout the islands and erecting

CAN YOU BEAT IT GUYS?

If you are a girl and can leap higher than four feet eight inches, you can take the world's high jump record for women away from Miss Elise Constant of France. She is 16 and a member of the Cien Gymnastic society of France.

new edifice. Here he became well acquainted with William Howard Taft, then governor general of the islands.

He returned to America in 1915 and was made bishop of Buffalo. In 1918 he was appointed archbishop and assigned to Philadelphia to succeed Archbishop Prendergast.

Archbishop Dougherty is a linguist of extraordinary versatility. He speaks fluently English, Latin, Greek, Hebrew, French, German, Spanish, Italian and several Slavic tongues. When he left Philadelphia for the Philippines he studied diligently and when the boat docked at Manila he could speak the language with amazing fluency.

He has a remarkable memory. He can write a sermon or speech and from the mere putting down of his thoughts on paper can commit the entire discourse to memory and deliver it verbatim. He rarely forgets a face or a name of a person he meets.

In addition to his pastoral and administrative duties, Archbishop Dougherty is a member of the board of managers of the Catholic church, the Church Extension society, the Negro and Indian missions, chairman of a building committee of the National Catholic Welfare council that will erect in Washington a national shrine in honor of Americans who died in the war, and recently served on a committee appointed by the mayor of Philadelphia to study the city's transit problem.

As cardinal Archbishop Dougherty will wear the red hat, the red robes, different shades being worn for different occasions—the red biretta and the scarlet mantle.

His full title will be "His Eminence, Dennis, Cardinal Dougherty, Archbishop of Philadelphia." The correct form in addressing him will be "Your Eminence."

## ALL HIS AILMENTS DISAPPEARED

When He Tried "Fruit-a-tives" or Fruit Liver Tablets

MOUNT BELLEAP HOTEL, LAKEPORT, N.H.

"At 70 years of age, chronic Constipation was causing me to suffer with distressing Headaches, Dizziness and Indigestion.

I believe I have taken more medicine than any half-dozen people in town; but nothing did me good until I tried 'Fruit-a-tives'.

Right away I could see their good effects. After taking them for three months, my bowels were regular, and the other ailments disappeared."

## BURLESON LETTER

### RAISES STORM

WASHINGTON, March 3.—Describing the recent increase in mail robberies to general interest and intensified criminal tendencies, Postmaster General Burleson in a letter read last night in the house declared enactment of laws unsupported by public opinion provoked breaches of the peace and contempt for the courts.

The letter was addressed to and read by Representative Black, democrat, Texas, and denounced as an important factor in the development of crime "the disposition on the part of certain judicial officers, notably in New York, Washington and Chicago, to impose nominal punishments when criminals are apprehended."

Reading the letter raised a storm of objections, members interrupting Representative Black with objections to its entrance into the house record. Representative Grandy, democrat, West Virginia, objected most strenuously.

"I want to expunge that letter from the record," he declared. "We have no time to listen to such rot as that." The letter went into the Record, however.

## OPERA STARS TAKE

### CUT IN SALARY

NEW YORK, March 3.—A substantial salary reduction has been accepted by virtually every artist who thus far has signed a new contract with the Chicago Opera company for the 1921-1922 season, George M. Spangler, business manager, announced here last night. The new contracts, it was stated, call for as much as 50 per cent. cut in the fees collected during the current year by singers in the stellar group, while others were persuaded to accept 25 to 28 per cent. Exceptions had been made, it was announced in the salaries of Mary Garden, artist-director; Mme. Galli-Curci and Lucien Muratore.

## AVIATORS STUMPED

List of Air "Don'ts" Beclouds the Aviators

(Special to The Sun.)

NEW YORK, March 3.—A country-wide outbreak of air-lawing has beclouded the aviators.

There are 15 separate sets of laws enacted by various states, counties, cities and villages to regulate aviation traffic. And more districts plan to follow suit.

Add the regulations of New York, Chicago, Boston, Newark, Los Angeles, Los Angeles county, Atlantic City, Connecticut, Massachusetts, Vermont and

Maryland together and here are some of the things Mr. Birdman is up against:

Don't throw things from your plane.  
Don't fly over animals or houses.  
Don't fly until the state highway commission gives you an O. K.  
Don't fly lower than 1000 feet.  
Don't fly until a \$1000 good conduct bond has been pledged.  
Don't fly unless licensed by the federal government.  
Keep away from churches and steeples by a margin of 1000 feet.  
Don't fly except between the hours of 8 a. m. and 4 p. m.  
Don't do tricks in the air.  
Fines for violations range from \$10 to \$500.  
A special commission has been appointed in New York to prevail upon congress for the enactment of uniform aviation laws.

## New Wireless Invention

LIVERPOOL, March 3.—Discovery of a new wireless invention by which ships may be guided during dense fogs has been announced here by William Marconi at the annual British Shipmaster's dinner. This invention he said was not as yet in operation anywhere and it is based on a principle by which electric waves may be directed in any definite direction like flashes from a lighthouse. He said these waves would take the place of leading lights in thick weather and prevent collisions of vessels during fogs.

## Change Of Wind Helps Steamer

ST. JOHN'S N. F., March 3.—A change of wind having forced the floe ice off the coast during the night, the steamer Rosalind with passengers and mail for Halifax and New York was able to sail early today. She had been driven back by the ice pack last night.

## Decrease In Cost Of Recruiting

BOSTON, March 3.—The low cost of recruiting now as compared with 1913 has brought a ray of consolation to citizens who sigh for prices of pre-war days. Eight years ago Uncle Sam paid \$127 to induct one recruit from this city. In 1920 the war department records show the expense was \$6.50. Army efficiency, the desire of young men to take the educational courses offered in the service and re-enlistment of world war veterans, are given as reasons for reduction in expenditure.

# Aspirin

You must say "Bayer"

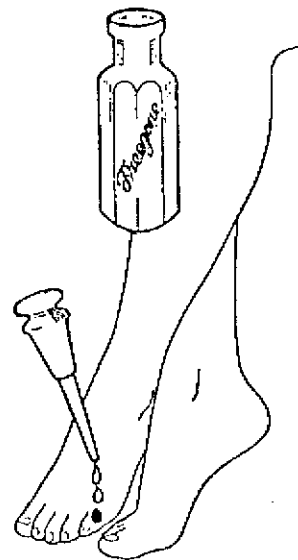

Unless you see the name "Bayer" on package or on tablets, you are not getting genuine Aspirin prescribed by physicians for 21 years.

Insist upon an unbroken package of genuine "Bayer Tablets of Aspirin" containing proper directions and dose proved safe by millions.

Handy tin boxes of 12 tablets cost but a few cents—Larger packages. Aspirin is the trade mark of Bayer Manufacture of Monocyclicacidamide of Gattermann.

## CORNS

Get Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then simply lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or even between the toes, and the calluses, without soreness or irritation.—Adv.

# UNITED CLOAK and SUIT CO.

153-157 CENTRAL STREET

### Skeffington Arrives at Danzig

DANZIG, March 3.—H. J. Skeffington, commissioner of immigration at Boston, has arrived here from Liban and Riga, where he delivered seven deported Russian anarchists. Inspection of immigrants here has convinced United States health authorities that it is impossible, with the present facilities, to despatch the thousands awaiting transportation to America without danger of typhus infection. "The situation in Danzig," said Mr. Skeffington today, "is entirely unsatisfactory. We can overestimate the danger of shipboard methods in dealing with the case of emigrants awaiting transportation here."

### Former French War Minister Dead

PARIS, March 3.—General Auguste Mercier, former French minister of war, died here today. As war minister, he instituted the proceedings which brought Captain Dreyfus before the council of war in 1894, and condemned him to life long penal servitude and public degradation. Later Captain Dreyfus was exonerated on his retrial.

### Surplus of Freight Cars

WASHINGTON, March 3.—The surplus of freight cars on the railroads of the United States reached 423,193 during the week of February, the car service division of the American Railway Association announced today.

### IN THE POLICE COURT

John Keras is Frequent Visitor, But Law-Abiding—Other Cases

John Keras appeared in the police court this morning for the third time within a few weeks. The young man, who gave his age as 20 years, was picked up some time ago and told a story of being invited to leave his home by his father. He expressed a reluctance to go away as a guest of the state, and was released to find work. Again he appeared, and this time his father was in court and stated that he had never refused to have the young man at his home. He had left of his own volition, said the father, and declined to return. Keras agreed to return to his father's farm and stay with him, helping in the work. However, this morning he admitted that he did not go home with his father when he was released, but has been living by himself in Lowell. As no offences have been charged against Keras, and he appears to be orderly and law-abiding, Judge Enright allowed him to go today.

The case of Fred Dufur, charged by Bertha Therian with a serious offense, was continued for the second time today in the police court, at the request of counsel. Dufur first appeared before the court on February 24, and was held in \$1000 bonds for a hearing today. Bail was not furnished at that time, and he was committed to the house of correction at Cambridge where he has been confined until today. His mother, however, went his bond this morning, offering as surety a house valued at \$3000. It was stated that she was unable to come to court on the occasion of her son's former appearance, because of sickness. Dufur was arrested by Lieutenant Petre and Officers Regan and Spillane. He pleaded not guilty to the charge preferred against him. Efforts were made when his case first came up to have the bond

reduced, but Judge Enright refused to lower it.

John Freitas was fined \$15 for assault and battery. He gave as his excuse for the alleged offense, that the complainant, Louis Nunes Xavier, had addressed talk of an uncompromising and unrefined nature to him. The trouble is said to have originated in an argument over a scarf-pin. During the voyage to this country of the complainant and defendant.

The case of the Lowell Box company, charged with violation of labor laws, was continued for a second time today in the police court. A hearing will be held April 4, and in the meantime it has been agreed that the difficulty, which originated in trouble with some of the employees, is to be adjusted.

### SPOKE IN LAWRENCE

William N. Goodell, former President of Lowell Chamber of Commerce and of Work of American City Bureau, spoke this afternoon at the Lowell reorganization campaign, in one of the principal driving forces behind the reorganization movement in the down-river city. Mr. Goodell gave his talk in co-operation with the city bureau.

### Y.M.C.I. PLANS OPEN HOUSE

All next week the Y.M.C.I. will hold open house every evening at its club-rooms in Stackpole street. Arrangements have been made for bowling matches, pool, card games, athletic and entertainments each evening. A mission for men will be carried out at the Immaculate Conception church all during the week and after the evening services the men will be invited to enjoy themselves at the Y.M.C.I. club rooms. The committee in charge of the entertainment is directed by Vice President Higgins. At this time also elaborate preparations are under way for the March 17 special Irish entertainment to be offered by the institute.

### DADDY OF 11 ADOPTS ANOTHER

John Lind and his wife of Brooklyn have 11 children of their own. They have adopted Eleanor Lane, 5 (shown here with Lind), to make it an even dozen. Lind makes \$22 a week as watchman. Six elder children work and the family income is \$116 a week.

### ANOTHER SAFETY FIRST CAMPAIGN

Plans are going forward, under the direction of Chief of Police Redmond Welch, for one of the biggest "Safety First" campaigns that Lowell, or any other American city, has ever known. The drive to eliminate carelessness will begin April 4, and will continue to April 18. Although this city has a high standing in the matter of protecting the public from needless accidents, efforts will be made by public speaking in the local theatre, and other publicity methods, to make Lowell one hundred per cent. perfect. Frank A. Goodwin, state registrar of motor vehicles, in a recent statement, paid high tribute to Lowell as "one of the cleanest cities in Massachusetts in the matter of freedom from automobile accidents." In a state investigation of casualties and other accidents to motor vehicles, carried on in the seven largest cities in the state, Lowell was found to lead the list as an exponent of the "Safety First" slogan.

During a period of two months the city was without a single fatality from causes of this nature.

"But we are not satisfied with that," declared Superintendent Welch today, "we aspire to nothing less than absolute perfection, and absolute safety for the public. In this campaign everything that it is humanly possible to do will be accomplished for the protection of life in Lowell." Superintendent Welch has made thorough preparations for a drive which will command public attention, and force a realization of the vital importance of "eliminating carelessness, one of America's most destructive enemies."

### TO TRANSFER LEPERS TO FEDERAL LEPROSARIUM

BOSTON, March 3.—Lepers on the state reservation, Penikese Island, Buzzard's Bay, will be transferred to the federal leprosarium in Louisiana in the near future. If present plans are completed, the health authorities have obtained the necessary local permits for the removal of the patients to New Bedford, where they will be given into the custody of public health service officials and the actual transfer awaits only the arrival of federal authorization. It is understood that the lepers will be transported in a special car attended by a special detail of the hospital corps of the public health service.

The Penikese Island camp directed by Dr. Frank H. Parker, an authority on treatment of leprosy, who has devoted many years to ministering to the unfortunate isolated there, will be abandoned.

### INTERNATIONAL INSTITUTE

A new class in English to be held at the homes of newcomers to the country, is the latest novel activity of the International Institute. As many foreign-born women are unable to leave their children to attend lessons held at the Institute headquarters, it has been arranged for teachers to visit the homes of these women, and to also teach neighbors who wish to come in and learn the language in the home circle. Another class has been started among Polish women. This will teach dressmaking and English at the same time, and will be under the auspices of the school department. The members of the class, however, have been recruited by the Institute.

### To Take Oath Tomorrow

Continued

day to enter upon the duties of the presidency, Warren G. Harding took a final holiday aboard his private car "Superb," putting work and worry aside and visiting with members of his family as though he were an ordinary traveler making a casual trip across the country.

In the busy months since he was nominated, he has seen little of any but his nearest relatives, and he seized

upon this occasion to renew ties that in former days had held the members of his family close together. On the "Superb" besides the president-elect and Mrs. Harding, were his father, a brother and a sister, and he gave them his time in preference to his secretaries and advisers who sought to turn his attention to the problems of state just ahead of him.

With his inaugural address completed and nine of his 10 cabinet members finally selected, the president-elect really has only the definite choice of a secretary of labor pending for decision before he takes the oath of office at noon tomorrow.

His quandary on that subject apparently did not weigh heavily on his mind today, however, for he is understood to have decided not to close up the portfolio until he has held further conferences in Washington.

The presidential special which left Marion last night was due in Washington at 1:30 p. m. today, but it fell behind the schedule and was not expected to reach the capital until late in the afternoon. The party will go directly to a hotel to wait for the coming of the inaugural torch tomorrow and in the meantime Mr. Harding will hold a number of conferences about arrangements and other subjects demanding immediate decision.

The first caller on the president-elect's list after his arrival is to be Senator Knox of Pennsylvania, who is chairman of the congressional committee on the inauguration. It is expected that final details of the ceremony will be settled at the conference later. Mr. Harding expects to see a number of his closest advisers, including Harry Daugherty, who will be attorney-general in his cabinet.

In making up his party for the "Superb" on the trip to the capital, the president-elect for the first time excluded all of those who are not members of the family, even his secretary, George R. Chesnut, and his physician, Dr. Sawyer, who traveled in another car with a number of personal friends from Marion. Those in the private car besides Mr. and Mrs. Harding were: Dr. George T. Harding of Marion, father of the president-elect; Miss Abigail Harding of Marion, the president-elect's sister; Dr. George T. Harding, Jr., of Columbus, the president-elect's brother, and several members of his family and Mrs. Frank Langstone of Marion, a niece of Mrs. Harding.

### Pre-Inauguration Air

WASHINGTON, March 3.—Despite the expressed desire of President-elect Harding for single inaugural ceremonies, Washington today had assumed much of a pre-inauguration air. The streets were a little more crowded than usual, hotel rooms were somewhat scarcer, and flags and bunting in profusion made their appearance along Pennsylvania avenue and in the downtown section.

Finishing touches were given to the island on the East portion of the capital where Mr. Harding will take the oath of office and deliver his inaugural address. Washington police made final preparations for handling the crowds expected to line Pennsylvania avenue to see President Wilson and President-elect Harding ride to the capital. Troops of cavalry at Fort Myer, who will form the single escort for the presidential party and several companies of marines from Quantico, will be on guard along the avenue held final drills in preparation for the part they are to play in the event.

To Washington residents and "old

timers" today's contrast with former day-before-inauguration days was particularly noticeable. The recalled that in former years "the day before" had seen the historic thoroughfare leading from the capitol to the White House thronged with visitors, hotel lobbies crowded and sleeping accommodations at a premium. Missing were the long rows of temporary stands at convenient points along the avenue from which thousands the next day would view the parade and cheer the outgoing and incoming presidents.

Noticeable also was the absence of the rattle of drums and the flare of bands as scores of marching clubs, political clubs or military organizations went through the city to advertise themselves and their community and to await the big day.

A light rain that began last night still was falling early today but for inauguration day the weather bureau had predicted clear and cooler.

### COOLIDGE BOYS OFF FOR INAUGURATION

NORTHAMPTON, March 3.—The two sons of Vice President-elect Coolidge left today to join their parents in Washington. They were accompanied by their grandfather, John Coolidge of Plymouth, Vt., who arrived here yesterday.

Mayor M. J. Fitzgerald departed for Washington last night to be the city council's official representative at the inauguration.

### BABY BORN ON PEACE DAY

After Mother Had Been Restored to Health by Lydia E. Pinkham's Vegetable Compound

Salisbury, Mass.—"For seven years I had a female trouble and such bearing-down pains I could hardly do my housework. The doctor said, 'If you can have another baby it might be the best thing for you but I am afraid you cannot.' I began taking Lydia E. Pinkham's Vegetable Compound and my baby was born on 'Peace Day.' If women would only take your Vegetable Compound they would have better health. I always recommend your Vegetable Compound to the neighbors."—Mrs. TRACY PATTEN, 2 Lincoln Ave., Salisbury, Massachusetts.

The experience of maternity should not be approached without careful physical preparation, as it is impossible for a weak sickly wife to bring healthy children into the world.

Therefore if a woman is suffering from a displacement, backache, inflammation, ulceration, bearing-down pains, headaches, nervousness or "the blues," she should profit by Mrs. Patten's experience, take Lydia E. Pinkham's Vegetable Compound and be restored to health.

**IRISH SITUATION**  
Military rigors in Ireland may be imagined when a man is tried, convicted and executed for having in his possession a revolver and a few cartridges. If a state of war exists there one might suppose that the men arrested by the government would be treated as prisoners of war; but they're not. They are brought before a court-martial packed with their most invidious enemies and the findings of such tribunals are final.

**WANTS THE WHIPPING POST**  
William A. Pinkerton, the famous detective, in an address at New Orleans recently declared that the whipping post and rod is the only thing that can save this country from the criminals that now infest it. He states that the use of automobiles in banditry and other forms of robbery, was taught through the moving pictures, claiming that those who attend the movies were frequently shown how criminals could commit robberies and escape by the use of the auto. He blames banks for being, in a measure responsible for some of the thefts of their funds for the reason that they do not show good judgment in selecting their employees. He asserts that the only cure for the alarming prevalence of crime at the present time in this country is the whipping post and that a criminal fears twenty lashes more than 20 years' imprisonment.

**GARNERING THE SPOILS**  
Now that inauguration day is at hand, the democratic postmasters of the country will feel a little nervous until they find out just what the policy of the new administration will be in regard to their tenure of office. Judging from recent expressions of the party leaders, however, we should advise such postmasters to keep an eye out for something in the line of a new position, inasmuch as the republicans are determined to take over the spoils of office as far as that is practically possible. It is reported that there are 112 democratic postmasters now in the service, and undoubtedly few of them will be allowed to remain in charge after their term of office expires. The civil service guarantee of permanency, supposed to protect them against the spoilsman, is to be overruled as a democratic arrangement which will not be tolerated by the hungry army of the republican party.

**AN UNWELCOME DECISION**  
The decision of the supreme court of the United States, declaring that the profiteering and hoarding sections of the Lever food control act, are unconstitutional, has caused a profound sensation throughout the country. It has put the department of justice in a very awkward position, as this was the only legal authority by which it could prosecute the speculators, profiteers and hoarders of the necessities of life at a time when profiteering seemed to be practised to the extent of plundering the masses of the people. The decision nullifies hundreds of cases already entered in the courts and may bring about claims for damages on account of convictions secured under the law.

**GERMANY MUST PAY**  
Apparently the allies will brook no cut in the amount of the reparations demanded from Germany. The German delegates to the London conference offered to pay about one-seventh of the mammoth amount demanded by the allies. The offer was scouted, scorned and met with the utmost contempt. Behind the demands of the allied councils stands Marshal Foch with an army of 550,000 ready to move into Germany to compel acceptance and payment.

**HOOD MADE HIM BLIND**  
An interesting case has been decided at Trenton, N. J. At a wedding at Bayonne in that state, one of the guests took three drinks of whiskey and three days afterwards was found blind as a result. It was testified that the alleged whiskey was sold by a saloonkeeper two years ago. He was sued by the man who had become blind and was awarded \$15,000. Perhaps this might be a warning to people who risk drinking any of the concoctions sold for whiskey and equally so, for the people who sell such stuff.

**VICTIMS OF MOONSHINE**  
That is a rather alarming statement by Judge Enright to the effect that three deaths have been caused within a week from the effects of drinking moonshine and "Jake". This charge is not creditable to the police department nor to the others charged with enforcement of the prohibition law. It is reasonable to assume that the moonshine sold here is home made and judging from all accounts, this business is going on without much hindrance in some quarters. There is a suspicion that some of the officials charged with the enforcement of the law are making no attempt to enforce it. We had supposed that under the restrictions placed upon the sale of "Jakes" there has been very little of that used of late.

**JUDGE LANDIS' BLUNDER**  
If, as alleged, Judge Landis of Chicago made light of the theft of a large amount of bonds by the employees of a bank on the ground that the said employee was underpaid, he committed a serious blunder that should disgust him from presiding in any court in the country.

When the United States, a few days ago, was arrested for having stolen \$229,000 in bonds, he mentioned the remark of Judge Landis as in a measure excusing his offense; for he, like the youth in the previous case, was receiving but 10¢ per month. That any judge should make the directors of a bank responsible for the stealing of their property is almost unbelievable. It is a very serious matter because a word coming from such a

**SEEN AND HEARD**  
China still holds her place at the little end of the horn of plenty.  
March will be HARD-ING and COOL-IDGE, especially after the fourth.  
Money never talks louder than after it has kissed one goodby.  
Southbound baseballists are meeting northbound robins.

**Not Even a Cough**  
A man sat in a fashionable canteen's shop with his little daughter while his wife was having a marital waltz put in her hair. Stroking her father's head, the child suddenly piped: "No waves for you, daddy. You're all beach!"—American Legion Weekly.

**Very Grave Question**  
"I desire," said a husband to the wife, as they were walking along the shore, that when I die I be buried in a plain coffin, without expensive trimmings." "But, my dear," said she, "how much more fashionable it would be to have black walnut and silver linings!" he said, "but I was thinking of that for you."

**Materialistic Printer**  
"Well, that's enough to try the patience of Job!" exclaimed the country minister, as he threw aside the local paper.  
"Why, what's the trouble, dear?" asked his wife.  
"Last Sunday I preached from the text, 'Be ye, therefore, steadfast,'" answered the good man; "but the printer makes it read, 'Be ye there for breakfast!'"—Los Angeles Times.

**Story of a Giant**  
Once upon a time, writes Dr. Barton, contributor to the Newspaper Enterprise association, of which The Sun is a member, there was a great big giant, and if you do not believe it I will tell you his name. It was Antaeus. If you will say that name over two or three times you will find that it is not hard. There was another giant, and his name was Hercules. He was the strongest man who ever lived, unless it was Samson. Hercules carried a club bigger than the big stick of Teddy Roosevelt. Hercules challenged Antaeus to wrestle and Antaeus accepted. Hercules was the stronger. But every time Antaeus touched the earth, he felt a thrill of new strength. So finally Hercules lifted him up from the earth, and held him up till he strangled Antaeus to death. That was the worst kind of hold-up. This is a true story, and Antaeus is the man of today who lives indoors and keeps books or sells goods or has an office or teaches schools or prepares sermons or edits newspapers. And Hercules is this modern life of ours, which struggles and wrestles and wrestles. He is choking the life out of us. Town life kills people; the third generation disappears. That is the hold-up and strange-hold of modern life. But we Antaeus folk, though we be not giants, have this remedy, which we learned from Antaeus and from Adam, that to touch the soil is to renew life. The spring is near. Get out and make a garden. It may not be much of a garden so far as vegetables are concerned, but it will do you a whole lot of good.

**What's the Use**  
I drain the radiator.  
And keep the batteries filled.  
I watch the tire inflator—  
I keep the "knocking" stilled.  
I grease the differential.  
The springs, the fan, the clutch,  
I watch each small essential—  
The timer, bands and such.  
I watch the road for bridges,  
For crossings I slow down.  
I straddle ruts and potholes—  
I'm careful when in town.  
In neutral gear I place her,  
Whenever I change to a new gear.  
I never try to "race" her—  
Or let the "back-fire" pop.

**At Tying I keep busy,**  
"Be for my very life."  
I can drive my old Lizzie  
To suit the bloomin' wife.  
—Kemp K. Deoran in Farm Life.

**MAN ABOUT TOWN**  
There are two kinds of Americanization, or rather, there is a false and a true Americanization. The false one is the one that is being taught to the alien into an adoption of our ways. Also, it would squander everything foreign out of him, whether it be in itself laudable or deplorable. This kind of so-called Americanization work is usually adept at changing the man and his habits into himself into the public eye. It sets for itself the task of making all exotic characteristics a part of the newcomer's system, killing him in the attempt. The real Americanization work, however, has none of this braying and bawling. And it realizes that in absorbing the foreigners we must take two factors into consideration, namely, what we can give them, and what they can give us. In other words, it will do neither a thing to make the American life, nor the life of any other nation, if it does not of certain phases of utility and artificiality. The International Institute, a Lowell organization devoted to foreign-born girls, the principles of real Americanization are being taught and utilized. These future women of our country are not merely stuffed with maxims and ideas which are novel to them. They are also encouraged and aided in developing the knowledge of arts, crafts and traditions which they have brought with them. While they are taught to sing American songs, at the same time they are teaching their teachers to sing the best folk-songs of their own lands. American games and dances are learned, and the girls are likewise urged to dance the measures of their own native countries. And the ladies who direct the Institute have been to appreciate the claims of foreign customs, and how to indicate the choicest of our own.

Within the past few weeks a couple of children have been said to death by falling into boiling water in their homes. The deaths, due to recent accidents of this kind, have been a painful reminder that it is a fact that the children should be taught to swim. It would be well if parents who have a tub of hot water around the fire would assume that if the young children get a chance they will plunge headlong into it. That is the only safe rule in such cases. It is analogous to the rule of safety in driving an automobile through a street in which small children are playing on either side. The only safe rule is to assume that the child will be there and to be prepared to stop instantly in order to avoid a fatality.

**FACES BIG NAVY CRISIS**  
Gravest Naval Situation in England's History, Says Admiral Bridge  
By MILTON BRONNER  
LONDON, March 3.—England today faces probably its gravest naval crisis. That is the opinion of Admiral Sir Cyprian Bridge, perhaps the foremost British naval authority free to talk at this time. He has been, besides a member of government committees on heavy guns, explosives, armor plate and projectiles. He is the author of "Art of Naval Warfare" and "Sea Power."

**COMMUNICATIONS**  
To the Editor:  
Dear Sir:—As manager of the Realty Service corporation I am taking this rather unusual method of speaking with reference to several recent articles which have appeared in the local newspapers. I wish to refer to the articles which have recently been printed regarding the assessments to abutters for sewers about to be constructed in the Bowdoin Park property.

**To Stop A Cough Quick!**  
Use a Double Treatment  
Take HAYES' HEALING HONEY to heat and soothe the sore and tender tissues and lining membranes inside the throat.  
Apply GROVE'S O-PEN-TRATE SALVE to chest and throat to allay fever, reduce inflammation and relieve congestion. The healing effect of HAYES' HEALING HONEY inside the throat combined with the action of GROVE'S O-PEN-TRATE SALVE through the pores of the skin soon opens the air passages, heals all inflammation and stops the cough.  
Just ask your druggist for a bottle of HAYES' HEALING HONEY and you will find a box of GROVE'S O-PEN-TRATE SALVE reduced therewith. The cost of this combined treatment is 50c. (Give it one trial.)

new thing for Britain. We've always suffered heavy losses to our seaborne trade when we were at war. Yet Britain has always won at sea.  
Navy Supreme  
"German submarines sank many British and neutral ships of commerce. Their successes against the British fighting ships were few and far between."  
The fact is that when our navy turned its attention to the submarine menace it pretty thoroughly mastered it.  
The same thing applies to threats to capital ships from the air.  
"So long as other nations have capital ships we also will have them. If we don't we should be merely handing the field over to others. People talk about limitation of armaments. We had, in the late war, an experience of the value of international agreements. They do not encourage us to risk another."

**HOW UNITED STATES FLEET IS DIVIDED**  
The present United States fleet is divided into two sections, the Atlantic fleet and the Pacific fleet, nearly equal in size and strength. This is the general makeup of the two fleets:  
Atlantic  
1 Battleships (first line).....4  
2 Battleships (second line).....4  
3 Cruisers.....4  
1 Destroyers (operative).....15  
12 Destroyers (reserve).....12  
11 Destroyer tenders.....11  
1 Repair ship.....1  
1 Hospital ship.....1  
1 Store ship.....1  
Colliers, fleet.....24  
and auxiliaries.....24  
1 Aircraft tender.....1  
1 Mine layer.....1  
1 Fast non-having destroyers.....1  
1 Mine sweeper.....1

**NEW PLAN FOR DRYS**  
Yonkers Unique Fight Effective at Nickel a Head  
(Special to The Sun)  
YONKERS, N. Y., March 3.—It costs five cents per capita to K. O. John Barteyon in Yonkers, a city of 100,000.  
"Yonkers Plan" is making Yonkers a veritable Sahara.  
So says William H. Anderson, state superintendent of the Anti-Saloon league and originator of the plan. Purposes of the plan:  
To investigate liquor law violations through an organization of public-spirited citizens.  
To suppress these violations through the press by using "pitiless publicity" to besmirch delinquent officials.  
The plan has been in effect six months. Detectives were hired and their reports, in the form of affidavits, published in Yonkers newspapers.  
A committee of 1000 members each contributes \$1 annually to support the undertaking. K. Everett Macy, wealthy citizen, has donated \$5000 a year for five years.  
No committee member is permitted to act as an investigator and no evidence collected by organization detectives is given to officials for prosecution purposes.  
"If we can gather the evidence, the police can, too," says Anderson. "Our purpose is to keep them on the job."

**GOES INTO ACTION**  
Johnson Planning Third Party Is Report to G. O. P.  
(Special to The Sun)  
WASHINGTON, March 3.—"Hiram Johnson is off the reservation before the administration has even begun." That is the world in inside G. O. P. circles.  
Ever since election the feeling has persisted inside regular organization ranks that sooner or later Johnson would run amuck and mess things up. Now, it is declared, there is no longer any doubt.  
Naming of Herbert Hoover, hated by Johnson for a cabinet post, is said to be one cause for the break.  
Out of the Johnson defection, politicians forecast these probable results:  
An effort by Johnson to divide republican support for any "association of nations."  
"Constant emphasis on the 'Japanese question,' to hold his California constituency."  
A spectacular campaign against "special interests" and "special privilege."  
Out of all these to build the foundation for a new third party, which he might lead for president in 1924.  
Heads were originally attached to sandals in Persia to keep the feet of the wearers above the burning sand.

## ADVENTURES OF THE TWINS

by Olive Roberts Burton

A CLOWN IN A WHITE AND BLACK POLKA DOT SUIT STOOD BESIDE THEM.

The minute the green bullfrog reached the opening at the top of the cave and came out into the sunlight, there was a loud explosion and the frog flew into a thousand pieces. At the same time, the Whistling Ring that he had swallowed, fell at Nancy's feet.

"Wh-wh-what happened?" stammered Nick, rushing to help his sister. "Has the world blown up?"

"No, don't you see, Nikkie," Nancy assured him. "It's the wicked Jinn. His magic was no good on the Equator and he's gone. The minute he came out into the sunlight, he disappeared. Well, have no more trouble now."

"I'm not so sure about that," said somebody near.

The twins and the goat turned in surprise. A clown in a white and black polka-dot suit stood beside them. He did a somersault before the twins had time to exclaim, "Where did you come from?"

## LOWELL HARVARD CLUB

Annual Dinner Festivities  
Open With Harvard Cheer  
and College Songs

Ceremonies in honor of John Harvard, toasts to the classes from '70 to '20, merry-making and addresses which ranged in subject from the art of chemical warfare to the art of football strategy, were features last evening of the Lowell Harvard club's annual dinner, held in the banquet hall of the Torrick club. The time-honored Harvard cheer and college songs opened the festivities, which were attended by 35 Lowell graduates of the university and the Charles. Dr. Leonard Huntress and

## Man and Wife Rebuild Strength Thru Gland Pills

Mrs. Morin Says New Gland  
Treatment "Worked Wonders"  
for Her and Did  
Husband "World  
of Good"

After years of suffering from nervous irritability, sleeplessness and general run-down conditions, Mr. and Mrs. Joseph G. Morin, of 1032 Maplewood avenue, Bridgeport, although past middle age, say they never felt better in their lives, thanks to animal gland extracts.

When interviewed, Mrs. Morin made the following remarkable statement: "I had suffered from sleeplessness, was nervous and generally run-down for several years. At night I would lie awake in bed for hours at a time trying to get to sleep. At times I thought I would go simply crazy for the want of sleep. No matter what I took it didn't seem to help me a bit, and I became frightfully irritable and couldn't stand the company of anyone."

"I thought it was probably because I was getting along in years, so when I read of the wonders that this Gland Compound, a new tonic containing extracts from the glands of healthy animals was accomplishing, I decided to try it."

"I will never forget my surprise at the results. Why it helped me immediately, and now I sleep fine every night and get up feeling rested and refreshed in the morning. It certainly worked wonders for me."

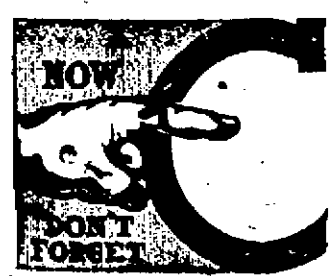

**Husband Put On Weight Quickly**

"My husband noticed the way I had improved," continued Mrs. Morin, "so he decided to take it, too. He had been run-down for some time due to overwork. He had lost weight and would come home at night all tired out and naturally would become irritated over the smallest trifles."

"But now, although he has been taking Gland Compound for only a few weeks he has shown almost unbelievable improvement. He has gained weight so rapidly that today his clothes are actually too tight for him. The irritability has all disappeared and he doesn't mind hard work a bit any more. Gland has done us both a world of good and we are glad of this opportunity to recommend it to others."

## HE DISCUSSES HIS WIFE'S TROUBLES

Syvret Says He'd Rather See Her  
Well and Happy Than Have All  
the Money in the World

"I would rather see my wife well and happy like she is since taking Tanlac than have all the money in the world," said F. J. Syvret, a well known painter living on Tyngsboro Road, North Chelmsford, Mass., recently.

"My wife had been in failing health for over a year and was getting weaker and thinner all the time. Her complexion was pale and she hardly had the strength to do the housework. She had stomach trouble so bad that everything she ate seemed to cause indigestion and she suffered in one way and another all the time. Her back hurt a lot and she was badly constipated and subject to severe headaches and dizzy spells. She slept poorly and was generally worn out. She didn't take much interest in anything."

"But now she is looking fine, for she is in the best of health and it is all because of the way Tanlac has built her up. She can eat anything I can and has gained a good many pounds in weight. She sleeps sound and can do the housework with ease. In fact, she feels like a different person. Tanlac certainly proved its worth in her case, and it is a great medicine, there's no doubt about that."

Tanlac is sold in Lowell by Green's Drug store, under the personal direction of a special Tanlac representative, by Wright Drug Co., Billerica, Mass., and by the leading druggist in every town.—Adv.

Importance of keeping the spirit clean beyond the shadow of suspicion. Fred C. Weld was treasurer, and the committee on arrangements consisted of the following members:

Herbert W. Horne, chairman; Albert S. Howard, and Arthur Hatch. The other officers present were Allen Dumas, treasurer; and Fred C. Church, Jr., secretary.

The following members of the club were present: Harold Chaffoux, A. C. Spaulding, E. G. Bultrick, Allan Dumas, Dr. Huntress, J. B. Conway, Joseph Nesmith, Franklin Nourse, Benjamin S. Ponzner, Albert S. Howard, Thomas Nesmith, Ames Stevens, Geo. S. Molley, Thomas Talbot Clark, Gardner Dumas, George Seede, A. Richardson, R. E. Kimball, E. P. Hamilton, V. W. Holster, Charles H. Proctor, Charles Stevens, E. F. Fay, W. A. Otis, R. B. Walsh, Fred C. Weld, Edward Hyman, R. A. Hatch, Howard Bean, Roger Pierce, Arthur Hatch, Fred C. Church, Jr., I. G. Walcott, H. W. Horne and Henry H. Harris.

## GARY SEES BRIGHT OUTLOOK FOR BUSINESS

NEW YORK, March 3.—A strong tone of business confidence and industrial optimism was expressed in a statement yesterday by Elbert H. Gary, chairman of the United States Steel Corporation, in which he emphasized the necessity for a still greater cut in the cost of living. To meet the situation arising from the problems of reconstruction Mr. Gary recommended patience, confidence, courage and honesty.

"This should and must be promptly and radically further reduced," he continued. "It behooves all of us to make every consistent effort toward bringing about an early return to a normal and reasonable basis of living. Opportunity for great success and prosperity is offered in this country and we should take advantage of it. I have great confidence in the incoming administration."

"Unfortunately," he added, "a few business men of prominence have lost their heads, and, in consequence, orderly business progress has been temporarily interrupted."

"Speaking for myself and associates, undoubtedly we are sometimes wrong in judgment. But taking everything into careful and deliberate consideration, we intend and shall endeavor to treat everyone and every interest justly, including our workmen, our shareholders, our customers, our competitors and the general public, of which we are thankful and proud to be a part."

## KITCHIN BETTER New Democratic House Leader Improving

WASHINGTON, March 3.—Democratic members of the house were advised today that Representative Kitchen of North Carolina, who became minority leader of the house yesterday, through the death of Representative Thomas Clark, was rapidly recovering from his recent illness and would be able to resume his seat at the extra session to be called probably early in April.

The world's largest motor ship was recently launched at Copenhagen.

## The Tell-Tale of Gray Hair

To be judged ten years older than you actually are, is the tell-tale of gray, streaked hair, which detracts from a youthful appearance as much as a wrinkled face does.

Women, everywhere, prefer the easy, harmless "Brownatone" method that tints gray, streaked, faded or bleached hair, instantly, to any shade of brown or black.

Without injury to hair or scalp, "Brownatone" imparts natural, lasting colors that defy detection. Does not rub or wash out and requires just a few moments to apply.

Guaranteed absolutely harmless. Druggists everywhere sell and recommend "Brownatone." Two sizes—50c and \$1.50 with easy, complete directions. Two colors—shading from Golden to Medium Brown and "Dark Brown" to Black.

Special Free Trial Offer  
For a free trial bottle of "Brownatone" send to The Kenton Pharmacy Co., 609 Coplin Bldg., Covington, Ky., enclosing 10c to pay postage, packing and war tax.—Adv.

## STRUCK BY AUTO TRUCK

Three Women Injured in  
Gorham Street—One on  
Dangerous List

Mrs. George Fuller of 1524 Gorham street is in a serious condition at the Lowell Corporation hospital as a result of an automobile accident, which occurred in Gorham street just across the Lowell line last evening. Mrs. Joseph Scoble of Chelmsford is also at the hospital suffering from painful injuries, but her condition is not considered serious. A third party, a Mrs. Briggs of Chelmsford is confined to her home with minor injuries.

The accident occurred shortly after 10:30 o'clock when the three women were struck by an automobile truck owned by the Allen Auto Co. of Billerica and operated by Victor N. Shult of Pond street, Billerica. The three women, who live near the Lowell-Chelmsford line were walking towards the city and had just crossed the city line, when the truck struck them from behind. Mrs. Fuller was knocked down and dragged some distance, while Mrs. Scoble was thrown heavily to one side. Mrs. Briggs was also struck but not as hard as her companions. The automobile was quickly brought to a stop and after receiving first aid Mrs. Fuller and Mrs. Scoble were taken to the hospital, while Mrs. Briggs was taken to her home.

Mrs. Fuller is suffering from severe lacerations of the head and body and probable internal injuries. Her name was placed on the dangerous list. Mrs. Scoble is suffering from lacerations of the face and a laceration of the left ear. Her injuries are of a painful nature, but are not considered serious. It is understood that Mrs. Briggs' injuries are of a minor nature.

Chauffeur Shult, who was accompanied by his brother Carl and two other young men, claims he was driving at a moderate rate of speed and did not see the women until it was too late to avoid a collision. He reported the accident at the police station.

At Lima, Peru, the sun is scarcely ever hidden by clouds for a day throughout the year.

Iceland is the largest civilized country in the world without railroads.

## TO SEEK OWNERS OF CEMETERY LOT

The cemetery trustees have voted to investigate the ownership of a lot in Edson cemetery. It is not certain at the present time exactly who it belongs to.

Mrs. Lephie A. Peters appeared before the commission and asked that the lot be turned back to her. In the lot are two members of her family. In 1905, the lot was transferred to some other person, and one burial has taken place there since the transfer.

Mrs. Peters said her father, a colored soldier, named Lewis, died at the Soldiers' Home, Togus, Me., about a year ago, and is buried there, although he had always wanted to be buried in the lot in the Edson cemetery.

The chairman spoke about a funeral of a woman in a pauper's grave recently. Three limousines were in attendance, he said, and he made inquiries to learn whether or not the city will be called upon to pay for them. He learned that friends had paid for the limousines.

"It is passing strange," he said, "that friends would spend their money for limousines and let their friend be buried in a pauper's grave. I call that unusual and not showing very great thought for the person buried. They could have shown their respect a great deal more by putting their friend in a lot in the paid portion of the cemetery. It surely did look odd to see limousines in the pauper section of the cemetery."

Informal discussion about the acquisition of more land for cemeteries took place, and the chairman said that land considered near Westland and Edson cemeteries if acquired, would last the city for a period of 40 years.

## CHARGED WITH FORGING CHECK

CHICAGO, March 3.—John F. Heald, 42 years old, a broker with offices in Waterbury and Bridgeport, Conn., was arrested on his arrival here today on a charge of forging a check for \$700 in Bridgeport. He was en route to California with his 19-year-old bride.

TALKED ON CARE OF TEETH  
"Good care of the teeth is essential to the health of the whole body," declared Dr. H. E. Davis in a talk before the T.M.C.A. forum last night. The construction of the teeth and their functions were carefully explained by the doctor. There were about 25 present. Supper was served by the women of the "Y" auxiliary.

## BOSTON BUILDERS GIVE ULTIMATUM

BOSTON, March 3.—The wage scale offered the building trades mechanics of this city of 50 cents an hour for regular time will be withdrawn and a lower scale substituted on March 10, if the strike is not settled by that date. This decision was reached at a meeting of the strike committee of the Building Trades Employers' association of Boston at 1 Beacon street yesterday afternoon. A letter containing this information was sent to the headquarters of the United Building Trades Council, with which the striking mechanics are affiliated, by special messenger by John K. Walsh, secretary of the association, early last evening.

It was also voted to accept the plan proposed by the Boston congress of Building and Construction Industry for the creation of a committee of 10 men to hear the evidence on the strike situation and make a public report as to who is to blame for the tieup of the industry.

According to the plan adopted, the committee will be made up of two men from each of the following organizations: Boston Society of Architects, Boston Society of Civil Engineers, United Building Trades Council and the Building Trades Employers' Association of Boston.

The president of Harvard University will be asked to name the ninth and 10th men from among any group he wishes to select, who are political economists or who have had practical experience in productive industry.

This proposition will be considered by the representatives of the striking mechanics at the meeting of the United Building Trades Council, which will be held tomorrow night.

"The Man Who Never Fails"—  
That's Mellon, New Treasury Head

ANDREW W. MELLON, PITTSBURGH BANKER, WHO'LL BE THE NEW SECRETARY OF THE TREASURY, AND HIS HOME IN PITTSBURGH

**WHO IS HE?**  
Birth—At Pittsburgh, Pa., March 24, 1852.  
Education—University of Pittsburgh.  
Marriage—In 1880 to "Miss" Nora McMillen. Two children.  
Occupation—Banker.  
Home—Pittsburgh, Pa.

(Special to The Sun)  
PITTSBURGH, March 2.—President-elect Harding has picked Andrew W. Mellon of Pittsburgh for his secretary of the treasury.

Ask anyone in Pittsburgh who Mellon is and you get this reply:  
"Don't you know Mellon? Why, he's head of the Mellon National bank." Ask the same man what Mellon looks like—what kind of a man he really is—and the chances are he'll have to admit ignorance.

And this despite the fact that Andrew Mellon was born and grew up in Pittsburgh and that in recent years he has been associated with countless phases of industrial activity in and around it.

Mellon always has studiously avoided publicity and shunned the spotlight. His retiring nature is shown in statements of old friends that in his daily life he does not have one single really intimate associate.

Pittsburghers say that Mellon knows his name or sight but few of the army of men and women employed in the Mellon National bank, of which he is president, although he mingles continually with them.

Always Calm  
He is a man of mild speech. He is deliberate in all his thoughts and actions and never has been known to lose his habitual calm.

He is at his desk every working day of the year and handles a surprising amount of routine details of his many financial interests without displaying the slightest fatigue. His spare moments are spent with his two children, Alice and Paul, to whom he is especially devoted.

Mellon has been president of the Mellon National bank since 1902. He has made it one of the leading banking institutions of the country.

He also is interested in many other banks in cities in the neighborhood of Pittsburgh, and is associated with Henry C. Frick in the development of vast coal, coke and iron enterprises in western Pennsylvania.

He established great steel mills at Duquesne, Pa., and built the town which bears that name.

He is one of the trustees of the Carnegie Institute.

**VOTED**  
IN MUNICIPAL COUNCIL, of the City of Lowell that the city clerk of the City of Lowell be and hereby is authorized and directed to publish in the Lowell Sun and Courier-Citizen, each a daily newspaper in the City of Lowell a notice in substantially in the following form:

**CITY OF LOWELL.**  
Notice of proposed order authorizing and directing the Board of Assessors of the City of Lowell to raise the sum of money hereinafter mentioned for the purpose of meeting fixed charges and current expenses for the financial year 1921; this notice being given pursuant to section 27, of chapter 61A of the acts of 1911 and notice is hereby given that the Municipal Council proposes to pass an order in substantially the following form, to-wit:

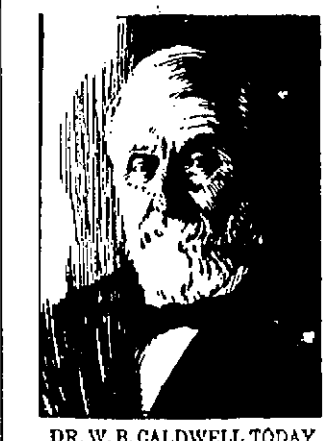

**CITY OF LOWELL.**  
Commonwealth of Massachusetts  
**IN MUNICIPAL COUNCIL.**

ORDER to meet fixed charges and current expenses of the City of Lowell for the financial year of 1921.

ORDERED by the Municipal Council of the City of Lowell, as follows:  
That the following sums of money amounting to four million one hundred six thousand four hundred and seventy-five dollars (\$4,166,475.00) be and the same be hereby appropriated to meet the fixed charges and current expenses of the City of Lowell, from the general treasury fund, for the fiscal year beginning January 1, 1921, and the said sums hereinafter set forth are appropriated therefor.

Lives to See the Prescription  
He Wrote in 1892 the Worlds  
Most Popular Laxative Remedy

DR. W. B. CALDWELL TODAY  
Born Shelbyville, Mo., March 21, 1839  
Began the manufacture of his famous  
prescription in 1892

It is particularly pleasing to me to know that the biggest half of those eight million bottles were bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for grownups. The price of a bottle holding 50 average treatments is sixty cents; such a bottle will last a family several months.

I have never made a secret of what is in Dr. Caldwell's Syrup Pepsin. It is a compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tasting aromatics. These ingredients are endorsed in the U. S.

**TRY IT FREE**  
Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington Street, Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

Founder of Dr. Caldwell's Syrup Pepsin, the largest selling liquid laxative in the world, long past Biblical old age, but hale and hearty—Still sees patients daily—Wonderful achievement of a "country doctor."

WHEN I started to practice medicine, back in 1875, there were no pills or tablets or salt waters for the relief of constipation, and no artificial remedies made from coal tar.

The prescription for constipation that I used early in my practice, and which I put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid remedy, and I have never had reason to change it. I intended it for women, children and elderly people, and these need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

I am gratified to say that under successful management my prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that over eight million bottles were sold by druggists last year proves that it has won the confidence of mothers whose chief interest is the health of their children.

Pharmacopoeia. I consider Syrup Pepsin today in the serious 82nd year of my age, as I did in 1892, the best remedy a family can have in the house for the safe relief of constipation and its accompanying ills, such as headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and I believe if you will once start using it you will also always have a bottle handy for emergencies.

**Are You Weak, Worn or Worried?**  
**Is Your Blood Thin and Watery**  
so that it makes you nervous, sleepless or easily fatigued?  
Don't wait until you collapse but commence to fortify your starving blood with iron today. How to do it.

If you are undergoing STRAIN, STRESS OR TROUBLE, don't forget that it is probably sapping the iron from your blood and that your RED BLOOD CORPUSCLES are likely DYING BY THE MILLIONS.

WHEN YOU FEEL THE FIRST WARNING SYMPTOMS—when you commence to lose your strength or vitality, don't sleep well at night, are highly nervous or irritable; get the "blues" easily; when your eyes begin to lose their luster or brilliancy and the lids are pale inside (a most important symptom) then is the time you should act; and not wait until you go down in a state of complete nervous prostration or physical collapse.

A New York physician says that MORE THAN ONE-HALF THE POPULATION OF AMERICA PERISHES BEFORE MIDDLE AGE and that one of the chief contributory causes of this terrible waste of human life is the devastating weakness brought on by lack of iron in the blood.

THERE ARE 30,000,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD AND EACH ONE MUST HAVE IRON.

When your blood is starving for iron no more tonic nor stimulants can put you right. You must have iron. To get iron you must eat the husks of grains and the peels and skins of fruit and vegetables as our forefathers did or take a little organic iron from time to time and eat more such iron-containing foods as spinach and apples. But be sure the iron you take is organic iron and not metallic iron.

Nexted Iron represents organic iron in such a highly condensed form that one dose of it is estimated to be approximately equivalent (in organic iron content) to eating half a quart of spinach, one quart of green vegetables or half a dozen apples. It's like taking extract of beef instead of eating pounds of meat.

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.  
Over 4,000,000 people annually are using NUXATED IRON. It will not injure the stomach nor disturb the stomach. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results.  
Beware of substitutes. Always look for the word NUXATED on every package and the letters N. I. on every tablet. Sold by all druggists.

## LOWELL RADIO CLUB

### Amateurs Plan Second Novelty "Dance by Wireless"

Radio control of a miniature railroad will be the special feature of the second novelty "dance by wireless" to be presented by the Lowell Radio club in the Associate hall on Tuesday evening, March 22. This will be the first time an exhibition of wireless control has ever been presented in this city, and consequently it will give the Lowell public an opportunity of witnessing the practice of use of the very latest accomplishments in the wireless world.

In the center of the hall will be two tables. On one table will be a small train of cars on a track and on the other table, wireless transmitting apparatus. Over each table will be erected a small aerial and the radio club members will operate the train of cars, starting and stopping it, or backing it up, by means of the wireless waves sent out from the transmitting set.

This novelty is similar to the experiments which have been conducted by the government in the control of ships at sea by wireless. At the present time the navy department controls some of the targets for battleships by wireless by the same methods to be employed by the radio club boys. Some radio experts predict that in the future boats may be directed at sea by powerful wireless stations on the coast. The feature will be arranged so that all spectators may see the start and members of the club will be on hand to explain the methods employed.

Besides this feature there will be several selections for dancing given by wireless telephone. Music from an acellon vacation plays in the club rooms in the Bartmouth building will be reproduced in Associate hall by means of special apparatus and amplifying equipment.

Last year at the "dance by wireless" only two amplifiers were installed in the hall but to make the reproduced music more effective and more easily heard, four will be used this year. Music will be sent out by wireless from the club rooms through the Associate hall building to wires stretched in the hall above the dancing surface. By means of apparatus on the stage the music will be reproduced and amplified so that those present may dance to it. Besides the music by wireless telephone a six-piece orchestra will furnish music during the night. The club members who will operate the apparatus in the club for the transmission of the music will be Leo Jarrett and John McMaster, while those to be on the receiving end in the hall will be Everett Taylor and Ralph V. Scott. Walter E. Hatters, a member of the club, and a radio inspector at Boston, will supervise the entire presentation.

The officers of the dance to be presented by the radio club in Associate hall Tuesday evening, March 22, are as follows: William H. Carney, general manager; Everett E. Taylor, Ralph V. Scott, assistant general managers; Edward H. Hanson, chief aid, and all members; aid: Walter J. Butterworth, radio director; dance committee, C. P. Rogers, chairman, M. Pratt; decoration committee, B. Connors, William Berry; reception committee, M. Pratt, W. Entwistle, E. Hanson; program committee, A. McDonald, E. Hanson, M. Nelson; public relations committee, Wm. H. Carney, R. Dunn, R. V. Scott, H. Cox; exchange club could set, J. Jarrett, chief operator; John McMaster, Robert Charlton, E. Buckley; in charge of dance floor, radio set, E. E. Taylor, R. V. Scott, W. Atherton, E. Carlson.

## FROM LOWELL, MASS. TO LOWELL, VERMONT

From Lowell to Lowell seems to be the slogan of a number of residents of the Little Canada district. They are leaving Lowell, Mass., to settle in Lowell, Vt. The latter place is a country town situated in the northern part of Vermont near the Canadian line and seems to have an attractive spot for many who want to tackle the face of Mother Earth in the farming game.

During the past month no less than seven local families have bought farms in Lowell, Vt., and have settled there, while it is said several more families are scheduled to leave shortly. Leon Gagne, an expressman with offices at 140 Hall street, is the man who has been in the forefront of the move, and he stated yesterday there is another family going next week and others before the month is over.

The farm enthusiasts in Lowell are numerous and local real estate men say they have numerous prospects for the purchase of farms, but so far only one, C. W. Johnson & Son, report that since the beginning of the war they have sold no less than 200 farms, a great number in New Hampshire and Vermont towns, and scores of them in the neighboring towns. They say they have the names of many prospects on hand, but very few farms for sale. Wright & Bean, a real estate specialist in the sale of farms, report that sales of farms during the past two or three years number over 100 and that would-be purchasers are coming in daily.

Last week three or four immigration agents from Canada visited this city and lectured in the C.M.A.C. hall in Park street on the opportunities the Canadian government is offering to large families in the western part of the dominion, and it is believed that their visit to this city will result in a big "back to the farm" movement here.

**DEATHS**  
**WISSE**—Mrs. Abbie Wisse died this morning at the home of her grandson, Frank Welch, 155 Hale street, after a lingering illness. She is survived by sons, her grandson, her one brother, Charles Lewis of Andover.

**SAXS**—John Kozarski Saks, aged 51 years, died yesterday afternoon at his home, 35 Front street. He leaves to mourn his loss his wife, Mary; six sons, Harry, Joseph, Henry, Frank, Thomas and Edward; and four daughters, Josephine, Wilhelmina, Edith and Helen.

**CLARK**—Nathan Clark, aged 41 years, died this morning at the home of his daughter, Mrs. William Johnson, 5 Cambridge street. He leaves to mourn his loss his wife, Mary; two sons, Harry and Frank; and four daughters, Josephine, Wilhelmina, Edith and Helen.

**CLARK**—Nathan Clark, aged 41 years, died this morning at the home of his daughter, Mrs. William Johnson, 5 Cambridge street. He leaves to mourn his loss his wife, Mary; two sons, Harry and Frank; and four daughters, Josephine, Wilhelmina, Edith and Helen.

Time generally moves as fast as we go. A love affair brings out all the foolishness in a man and all the shrewdness in a woman.

## NATIONAL PROHIBITION OF DIVORCE NEEDED

BOSTON, March 3.—Speaking last night at Boston college hall under the auspices of the Young Men's Catholic association, Rev. Fr. James J. Curran, S. J., professor of social ethics there, declared that divorce conditions in the United States constitute a public disgrace and a national peril, that national prohibition of divorce is far more needed than the Volstead act, and that irrespective of creed beliefs divorce should be made, not less easy, but impossible.

"There is no more serious problem confronting the American people," Fr. Curran declared, "than the problem of divorce. American family life needs to be stabilized. It cannot be galvanized that divorce destroys the home, and the home is the base and foundation of the state."

Yet in the United States divorce is spreading with alarming rapidity. It has penetrated every walk of life and is prevalent among every class of our people. It divorces multiply at the same rate in the future as in the past (and there is every indication that they are increasing faster), then, before the middle of this century, by 1940, we shall have annually in the United States 250 divorces per 100,000 population, or one divorce for every five marriages.

"Already in 1905 there was one divorce for every 12 marriages and our present figures are not far from one divorce for every nine marriages. This simply constitutes a public disgrace and a national peril. It bodes no good for America that the total number of divorces granted in the United States is more than twice as great as in all the rest of Christendom."

"The effect of this appalling total of divorces in the United States upon American family life and upon the stability of the country in consequence is a subject of great anxiety to every student of our social problem. All are agreed that no state can continue to exist if its base is allowed to crumble and fall, and the base and foundation of the state is the home."

"Where divorce is ravaging, the true home ceases to exist, parents and children are separated and the sweet ties that bind father and mother to their offspring and to each other are broken forever. No state can survive the wrecking of its homes which all ports, all philosophy and all poetry point to as the birthplace and nursery of virtue, morality, patriotism and religion. While marriage was held inviolate, Rome was strong; when divorce weakened the nation, Rome fell."

"America's divorce problem is growing acute. Passion, interest or caprice are leading to divorces, not motives for dissolution of marriage. The most tender of human connections is being degraded to a transient society of profit or pleasure. Divorce, instead of contributing to happiness and virtue, as some specious theorists maintain, is actually destroying all mutual confidence between husband and wife, and inflicting ever trifling disputes."

"Divorces are multiplying and public morality is showing the unmistakable results. It is an anomaly of our divorce laws that they actually reward adulterers by permitting them to remarry instead of sending them to jail."

"There is just one cure that will save American family life, the nation at large, and that is the absolute prohibition of divorce with the right to remarry. National prohibition of divorce may seem a drastic measure, but it is far more needed than the Volstead act."

"Irrespective of creed affiliations or beliefs, we need action. We must stop divorce or ruin the state."

**SUN BREVITIES**  
 Best printing, Tobin's Associate Bldg. Lydon for best catering, Tel. 1934.

J. P. Donohue, 222-223 Highland street, real estate and insurance, Tel. 1934.

An ash barrel in the hall of the building owned by Harry Wheeler, at 6 Bridge street, was responsible for an alarm from box 6 shortly before 9 o'clock this morning. The damage was slight.

The French population during the war decreased by 4,035,000.

**Shot and Killed On Trolley Car**  
 NEW YORK, March 3.—Charles Banzler of Buffalo, N. Y., was shot and killed today on the rear platform of a trolley car at Jamaica Junction. Wilfred Kessing of Inwood was arrested and Mrs. Lucy Banzler, wife of the dead man, was held as a witness. According to the police, Mrs. Banzler left her husband several months ago and he went to Inwood to search for her.

**Robbers Crack 4 Safes and Take \$25,000**  
 PARIS, Ky., March 3.—Robbers last night blew four safes in the Paris postoffice and obtained loot estimated at between \$15,000 and \$25,000, mostly in war savings and postage stamps.

**Army Bill Sent to President**  
 WASHINGTON, March 3.—The army bill was completed today and sent to the president. The house accepted the compromise agreed to by the senate, for an army of 140,000 men during the next fiscal year.

**Woman Fights Off Armed Man**  
 BROOKLINE, March 3.—Although under cover of a gun in the hands of a man who sought to rob her in her apartment today, Mrs. Frances Blaney grappled with the man, called for help as she fought and forced him to flee. The plucky little woman then fell in a faint. The invader had gained admission to her rooms by saying that he was an express man with a package. He made his escape but a man who acted suspiciously at a nearby corner, was arrested and held as a possible accomplice.

## AS DEVIL DOG

As devil dog, Edwin Paddy, secretary of the navy, is shown here as he looked when he enlisted as private in marines during the world war.

## LABOR DISPUTES

### Bill to Limit Powers of Courts Defeated

CONCORD, N. H., March 3.—The house of representatives today overwhelmingly defeated a bill sharply limiting the powers of the courts in cases of labor disputes. The measure would have prohibited the issuing of injunctions or restraining orders in such cases, except where "irreparable injury might result without court action."

## CITY PRINTERS RETURN TO WORK

BOSTON, March 3.—Approximately one-third of the 39 employees of the municipal printing plant who have not been at work for seven weeks due to a disagreement over wages, returned to the shop today. Officials of the plant said the men went back with the understanding that they would be paid the rate prevailing at private plants on April 1. The controversy grew out of a demand that the city pay a \$1 weekly bonus declared by several private plants.

## LOCAL GREEK COMMUNITY

It was announced today that the annual election for the officers of the local Greek community will take place Memorial day and that the time limit for the filing of nomination papers has been set at April 30. The number of voters in the community has increased by over 200 during the past year, for in 1919 there were 150 names on the check list, while today the registration number is 165. Each voter has to pay a toll tax of \$3 a year to the community and the voting is confined to men only, for the women of the district have not yet been granted equal suffrage.

## PREMIER SERIOUSLY ILL

ATHENS, March 2.—(By Associated Press)—Princess Amassia, wife of Prince Christopher of Greece, who has been violently ill from a form of stomach trouble for several days, seemed to be in a serious condition today. Dr. Hoover, chief of the American Red Cross hospital in Constantinople, hurried toward this city on a destroyer for a consultation with seven Greek physicians.

Attending physicians have been unable to agree upon a diagnosis in the case.

**HARVARD INCREASES FEE**  
 CAMBRIDGE, March 3.—An increase in tuition fees at Harvard University, made necessary by an advance in expenses and an estimated deficit for this year of more than \$200,000, has been voted by the corporation and the board of overseers. It was announced today. The action is based on a recommendation of a committee representing the corporation and various faculties.

Although the Harvard endowment fund made possible a 50 per cent raise in teachers' salaries, the report says, there is imperative need for additional income for meet increases in wage administrative costs and expenses of maintenance.

The French population during the war decreased by 4,035,000.

# PAIGE

## Our Formal Opening

Displaying a Complete Line of

# Paige Models

BEGAN TODAY—It Will Last Throughout the Week

We cordially invite the public to visit our salesroom at the First St. Garage and inspect these models.

The 6-66 Models will be shown for the first time in Lowell, and we believe that these cars have created a new standard of price and value in the automobile field.

 W. J. Myers, banker of Harrison, Ark., who shot and killed Henry Starr, noted bandit, says he is sorry his bullet was fatal. Starr and three others attempted to rob Myers' bank.

## REQUIEM MASSES

MERIDON.—There will be a requiem high mass for the repose of the soul of Harry McKean Saturday morning at 9 o'clock, Sacred Heart church. Requested by the class of 1917, Sacred Heart school.

## Final Warning to Germans

and Ruliert at the mouth of the Ruhr, 12 miles west of Essen, which contains important mines and iron plants.

Second—Each allied country will place such a tax on German merchandise as it may deem proper.

Third—A customs boundary along the Rhine, under allied control, will be established.

"The German delegation was informed that the only modification of the Paris reparations decisions permitted to Germany would be as regarded conditions of payment such as a reduction of the period of annuities from 12 years to 10 years."

Germany's counter proposals which were submitted to the allies on Tuesday were not susceptible of examination. Premier Lloyd George told Dr. Walter Simons, head of the German delegation in substance, after today's session of the conference had assembled at St. James' Palace.

Grave Violation  
 Mr. Lloyd George said the attitude taken by the German empire regarding reparations was, in addition a grave violation of the obligations of Germany toward the allies. He recalled that the German representatives had the treaty of Versailles relative to coal deliveries, disarmament, the payment of 20,000,000 marks in gold and the punishment of German officers and soldiers accused of crimes during the war.

Germany, he added, in refusing to accept the concessions proposed by the allies with regard to reparations, had by the same act renounced the advance-

stances granted her at the previous conference with the allies.

Ultimatum Announced  
 Mr. Lloyd George then, on behalf of the allies announced the ultimatum.

After Mr. Lloyd George had finished Dr. Simons, for the Germans, said the intentions of the German government had been quite misunderstood. The German delegation, he said, would reply at noon on Monday.

"In our opinion," added the German foreign minister, "no occasion will arise for the sanctions set forth by the allied powers."

He said the Germans would examine the British prime minister's speech and allied documents most carefully.

It was noted during the British prime minister's presentation of the allied decisions that he had left an opening for the Germans to make new proposals, and Dr. Simons, in making his reply, was prompt to take advantage of this.

Mr. Lloyd George, in the course of his long speech, said that if the Germans had come with a sincere desire to discharge Germany's obligations the allies would have given their proposals fair and patient consideration.

The Laborite Herald stated today a time limit was granted the Germans because Premier Lloyd George was unwilling to take irrevocable steps until the inauguration of President-elect Harding, who is expected to expound the new American administration's foreign policy in his address in Washington tomorrow.

Turkish and Greek representatives will be heard by the allies on Friday. At that time Premier Kallogeropoulos, head of the Greek delegation to the Near East conference is expected to inform the allies that his government has been unable to accept the plan for an investigation of conditions in Thrace and Smyrna by an inter-allied commission.

Today's session of the conference with the Germans was attended by Dr. Simons, the German ambassador; V. Jaspard, Belgian foreign minister; Dr. Simons, German foreign minister; Baron Hayashi of Japan; Count Sforza, Italian foreign minister; Premie Brandt of France; Philip Berthelien, general secretary of the French foreign office; Mr. Lloyd George, Lord Curzon, Mr. Bonar Law, Marshal Foot, General Weygand, Field Marshal Sir Henry Wilson; Major General William Thwaites, and General Bingham.

PARIS, March 3.—Germany's deliveries applicable to the reparations account, including war material, are estimated at \$800,000,000 gold marks, was announced by the allied reparations committee here today. This would leave 12,000,000,000 marks due on the first 20,000,000,000 Germany would pay under the Versailles treaty.
